School System Influenced Move To City, Claim

new families in the city, said the figures were compiled while the ladies were talking to the families.

"There is so much criticism of education nowadays, that I thought you would like to hear something good," Mrs. Stoeckle, a former PTA president, declared.

She said that Welcome Wagon found that 90 per cent of the new residents have children. Of these, 75 per cent have children in public school, 12 have children of pre-school age, and 3 have children in private schools.

Her talks with new residents convinced her that the reputation of a school system was one of the major factors in selection of a new home. Residents reported that the Torrance system had been recommended to them by both neighbors and other school systems.

LENORE KINGSTON

Purely Personal Service Offered By Market Star

Lenore Kingston, pictured above, is the personable lady who can be heard daily over KFVB radio on the Boys Market Show "Purely Personal With The Boys." If you have anything to sell, swap or trade, or if you happen to be looking for some ordinary item such as a left-handed Himalayan bear from Siberia, the "Purely Personal" show is for you.

Available at all the Boys Markets are slips on which customers can write their requirements. Miss Kingston contacts the various people and records the actual telephone conversation, which is then broadcast over the radio. The fast results obtained by these personal broadcasts have been phenomenal according to the Boys.

Miss Kingston also has a rather unique hobby. She is one of the foremost radio "hams" in the country and has several schedules a week wherein she contacts servicemen in the Arctic on her amateur radio station and by help of a three-way conversation, enables the boys to talk to their families all over the country.

Boys Market customers are invited to fill in a slip with their "Want Ad" at any of the Boys, they will then be contacted by phone and have their "Classified" broadcast over the radio.

Victorial Park Contract Looms

Supervisor Kenneth Hahn announced today that apparent low bid for construction of general development and improvements at the Victoria Park playground has been submitted by Jack K. Tanner.

Nine bids were received on the project, ranging from the apparent low of \$54,469 to a high of \$69,000. The apparent low bid is \$10,000 under the engineer's cost estimate.

Supervisor Hahn said that the project is the initial phase of the park's development program designed to improve the park and playground to meet fully the recreational needs of the Victoria Park community and adjacent areas.
