Chest Unit Over Top

First in the Torrance area, Mrs. Lloyd Baxley, chairman of division 731 of the Torrance Community Chest residential campaign reported reaching 100 per cent of her campaign goal Monday afternoon. She was second by a few minutes to the Gardena division which was first in the Harbor Area.

Mrs. Gerald, chairman of division 735, was close to 100 per cent on Tuesday, and the other seven divisions in Torrance were all urging their workers to finish assignments before the Harbor Area Report meeting at noon today, at the Plush Horse at which awards will be made to first sections reporting 100 per cent and also to the sections and divisions reporting the highest percentages.

At noon Tuesday 12 of the 79 section chairmen in Torrance had reported "over the top" and many others were checking final reports from their workers to make their goals. The 12 section chairmen were: Mrs. Joseph Orchard, Mrs. Phillip Roberts, Mrs. James McNeil, Mrs. Bertha McNeil, Mrs. C. E. Bowen, Miss Pauline Greer, Mrs. George Kleekamp, Mrs. Chas. McCormack, Mrs. Alice Worden, Mrs. C. E. Kapps, Mrs. Helen Galbraith, Mrs. Alice Uyeda.

Breakfast to Be Held At Boys'

Boys' Market, at 118th St., and Hawthorne Blvd., Hawthorne, will be the scene of the 10th annual Pancake Breakfast to be sponsored by the Hawthorne Kiwanis Club.

The market will supply many of the items on the breakfast menu which will be served between 8 a.m. and noon. Proceeds will go for youth activities.

Because of a number of stunts to be used in conjunction with the ticket sale, the program will be televised.

RUSSIAN REPORT—Dr. Glen T. Goodwill, left, shows a Russian text book to Dr. J. H. Hull, superintendent of Torrance Unified School District, at Torrance Educational Advisory Committee at which Dr. Goodwill talked about Soviet schools. (Press Photo)

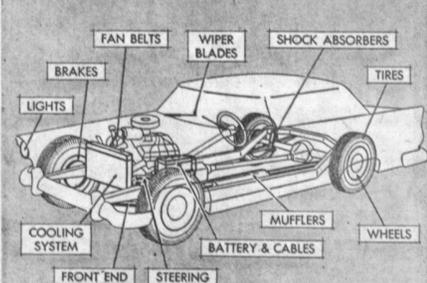

Man With Rifle Robs Business

A bandit armed with a rifle got away with \$200 after robbing a liquor store at 16210 Inglewood Ave. over the weekend. Gary Allen Wills, 25, a clerk, told deputy sheriffs that the robber had been in the store approximately 10 minutes before the holdup and bought some beer and asked for some matches.

Speaker Tells Russ Education

(Continued from Page 1)

into well-equipped kindergartens, where he spends 12 hours a day from 7 a.m. to 7 p.m. Beds are provided for taking naps.

When he reaches the age of seven, the Russian child starts to attend regular school which may last seven or 10 years.

Soviet education is strictly standard for the entire country, with the curriculum set by the Ministry of Education.

Only two examinations are given during student days. The first is after seven years, and the results determine whether the student continues his education or goes to work. The second test is given after 10 years.

Dr. Goodwill paid tribute to the Russian emphasis on foreign languages, but feels that in other subjects there has been much over-rating of the Soviet schools since Sputnik.

As for the teacher's salaries, they are not particularly attractive when compared with the high costs, which dictate a considerably lower standard of living than enjoyed in this country.

Russian students go to school six days a week and have a long summer vacation. Those that do not do well must either repeat the grade or attend summer school, he said.

Parents are called in for monthly conferences with the teacher to discuss progress.

But the Communist party has tremendous influence in education, determines disciplinary action and if a student can go in for higher education, Dr. Goodwill said.

Seek Funds for Carson Widening

Torrance last night asked the county for an additional \$20,000 in gas tax funds for the improvement of Carson St.

City Engineer Ronald W. Bishop said that the cost of widening and improving the project between Juniper St. and Hawthorne Blvd. is \$75,594, instead of the \$62,359 estimated originally.

In addition, costs for improving the Santa Fe Railroad right-of-way east of Madrone Ave., will be \$4280.

The money is to come from Aid to Cities Gas Funds.

Seven Industries Locate in City

(Continued from Page 1)

Santa Monica, will locate on five acres in the Harry J. Early tract on Lomita Blvd. between Hawthorne and Crenshaw Blvds. The firm will manufacture light furniture and employ 100.

Magna Electronics, is now in production at 2133 Dominguez Ave., making musical instruments, hi-fi and sound equipment. Now employing 100 persons, facilities for further expansion are now available.

Chamber officials said that the seventh firm will locate on a four-acre parcel in the Santa Fe tract and construct a \$60,000 building. The company will operate a merchandising facility but has not authorized announcement of its name.

Ask School Signal

Erection of a signal and continuance of a crossing guard was urged by the Parkway School P.T.A., to protect 400 youngsters who use the intersection of Calle Miramar and Palos Verdes Blvd.

The intersection is presently posted with boulevard stops, but more complete control is sought because of traffic conditions in the area.
