EXPANSION MOVE—The body and fender shop of Herman Miller Plymouth, 1600 Cabrillo, is being vastly expanded in operation under management of Rico Santarelli, inset, who has taken over. Part of the expansion will be the opening of the office where customers can discuss their automotive problems. Santarelli has already added an expert metal man and a painter to the staff for greater volume operation.

Winter to Speak On Fallout Peril

"Fallout, Foreign Policy and You" will be the topic of William Winter, noted news analyst, when he addresses a meeting in Hermosa Beach at the Pier Avenue School tomorrow according to Dr. Godfrey Pernel of Rolling Hills, chairman of the South Bay Chapter of United World Federalists, sponsors of the event. The program starts at 8:15 p.m.

"Concern and confusion have resulted from conflicting statements by 'authorities', including spokesmen for the Atomic Energy Commission, public health officials, and scientists, including physicists, geneticists and biologists regarding possible dangers from these high radiation levels."
