One-Acters Set for Performance

Following a concerted four-weeks of rehearsals, the El Camino Theatrical Club will present two one-act plays by Lewis Carroll and a curtain raiser by William K. Landon in the Campus Theatre Feb. 27 and 28.

Holding down the number one spot on the program of one-acts will be "The Brick and the Rose" directed by Gary Pagett. This work was presented last year at the Ivar Theater in Hollywood, where it received excellent critical notices.

The summer production was so well received that the club decided to present it again with most of the original cast. The actors, who sit on stools and play varied roles are Charles Turner, Parker Herriot, Natelle Lamkin, Gary Shaffer, Michael B. Lauman, Allen Bourhenne, and Pagett, all from the original cast. Others in the play are Carmelita Mann, Jaque Oliver, and Mishael Hoctor.

Putting telephone know-how to work for national defense

New phone network adds lightning punch to the nation's defenses

Phone lines today are speeding up the nation's air defense by making it act almost automatically. The lines are nerves of a new system called SAGE. With faster speed than ever, these lines flash signals from wide-spread radar outposts to SAGE control centers. There, the signals feed into computers that instantly tell Air Force men what's in the

air and where it is. Then, in a fraction of the time it once took, the men can use SAGE's phone lines to order jet aircraft or missiles skyward. Telephone people are fast completing SAGE's nerve system as part of our role in National Defense. And we'll watch over it with care - watch to see that it's always working for your safety and security.

The men and women of Pacific Telephone Working together to serve you better...
