EYESTRAIN
Is Often Caused by Ill-Fitting Frames

Poorly adjusted glasses frames are a leading cause of eyestrain, especially when eyes are used for close work. If you are conscious of rapid tiring when reading, drop in at our office the next time you are downtown. Let us straighten the frames of your glasses, align the lenses, and adjust the nosepieces without the slightest obligation on your part. It is unwise to suffer loss of eye comfort when a few minutes time can remedy the condition.

You are invited to consult us on ALL your optical needs—continuous vision glasses, blended contact lenses, TV glasses, sun glasses, the new plastic contact lenses.

FLY KITE'S ?

Sure! But fly 'em safely!

Here's how—explains Reddy Kilowatt

1. Fly kites in an open field, away from electric power lines and other overhead obstructions.
2. Be sure string is perfectly dry.
3. Never use wire, tinsel or metallic string.
4. If the kite catches in a power line, let go immediately.
