Following a short business meeting the Mathematics Department will demonstrate various aspects of the program after which the North High School Choir, under the direction of George Zavislan, will present the balance of the evening's program.

The choir recently acquired new robes which they will wear for the performance. The choir consists of 80 members and is almost entirely student controlled and governed. Last year they participated in the all Southern California Vocal Festival and received an excellent rating.

Within the choir are twenty singers who comprise a madrigal unit which sings for school assemblies in the elementary schools.

Signal Work OK'd

Work will begin within the next 30 days on the installation of traffic signals and highway safety lighting at two intersections in the Victoria Park area, Supervisor Kenneth Hahn announced this week as the Board of Supervisors awarded contract for the project.

The safety devices are to be installed on Victoria street at its intersection with Broadway and Main street.

Activities of the choir include participation in assemblies, the annual Christmas program, PTA Concert, and the yearly competitive festival held by the Southern California Vocal Association.

The program they will present on Tuesday will include: O Bone Jesu, Holy Lord God, In Still Night, My Heart Is Offered, No Other Love, Rain and the River, and Now Is the Hour.
