

Burglars Loot Apartment House

Three residents of an apartment house at 4154 Redondo Beach Blvd. were victims of a burglar over the weekend.

Harold E. Moore, Louis H. Kicker and Nancy A. Constantive told police that articles were stolen.

Two rifles were stolen from the home of Monte B. Moore, 3111 Newton St., while tools valued at \$75 were taken from Bill and Rudy's Sand and Gravel, Hawthorne Blvd. and Newton St., police said.

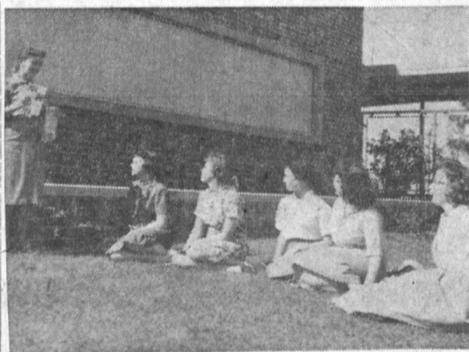

A window was broken in the First Baptist Church, 2118 Carson St., but nothing was reported missing.

City Attorney Wants 'Indian' Now, Chief Later

An "Indian," rather than a "Chief" is the man City Attorney Stanley Remelmeier wants as an assistant for the present.

He made that clear in a request to hire a deputy, rather than assistant city attorney for his staff.

Remelmeier said he needs a legal aide to take charge of prosecutions and to do research, and besides, he would cost less. He said that later he may ask the city to hire him a more expensive assistant.

**The wider the track...
 the steadier the stance...
 the better the ride!**

YOU GET THE SOLID QUALITY OF BODY BY FISHER.

Slide in behind the controls of this gorgeous automobile, pull away and feel what happens—or doesn't happen—at the first curve or corner. Less lean. Less sway. Wide-Track Wheel design is the reason. No other car, only Pontiac, has it. The wheels are five inches farther apart. This widens the stance but not the car. You're steadier, balanced, more secure. Narrow track cars can't match it. This is a big year for Pontiac—with many more to come. It can be your big year, too. Get a bright new Wide-Track Pontiac from a dealer and take it out for a drive today.

THE ONLY CAR WITH WIDE-TRACK WHEELS
 Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens the stance, not the car. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.
