

WISHES GRANTED—Patricia Clement of Torrance had her wishes answered when she was selected Queen for a Day Friday. With her is Jack Bailey, right, master of ceremonies for the program, and James Darrin.

Teenage Queen Gets Dreams Answered

Patricia Clement, 14, had all her wishes granted when she was selected "Queen for a Day" by a teenage audience Friday on Jack Bailey's television program.

Patricia, who resides with her adopted parents, Mr. and Mrs. Claude Elliott, of 18517 Towne Ave., particularly wanted a triple bunk bed and a bicycle.

She explained that between her brother and her sister, and the Elliotts' five children, sleeping accommodations are somewhat scarce.

"I'd like to have a triple bunk bed for my sisters and myself," she told Bailey. "We have to sleep on the floor and that gets awful hard."

She explained that she wants the tandem bike because her little brother has a weak leg from a childhood disease, and she wants to teach him how to ride it.

"The kids laugh at him and the way he walks and because he

can't run and ride bikes like other children."

In addition to having her wishes granted, Patricia received an entire wardrobe, watch and jewelry, movie passes and an encyclopedia, transistor radio, and a luncheon date with James Darrin among other prizes.

SINGS IN N.Y.

Grant Eastham, son of Mrs. Grace Eastham, 24111 Park St., is currently singing on stage at New York's Radio City Music Hall. Grant, a tenor, was formerly with the Music Hall Glee Club and now is a member of the Schola Cantorum.

PERSONAL APPEARANCE—Bozo the Clown will make a personal appearance at the Broadway Del Amo April 11, at 1:30 in the mall to present a lively show and to sign autographs for his young fans.

Headache Clue

Found in Faulty Mid-Distance Vision

Bifocal wearers who suffer from headaches and nervousness should investigate the possibility that this discomfort is caused by inability to see clearly at the 18- to 50-inch vision range. If you have trouble reading package labels in the store, seeing across the card table, etc., Continuous Vision Glasses may be the solution to your problem.

CONTINUOUS VISION GLASSES provide proper vision at ALL distances because a special MIDDLE distance correction is blended inconspicuously into the lenses. Thus, whether you are reading, looking across the table, or viewing distant objects, the position of your eyes naturally focuses your vision through the proper lens correction to assure clear sight at every distance. Not expensive; easy terms. Come in for a demonstration without obligation.

Open Friday Evenings Until 7 p.m. and Saturdays Until 1 p.m.
