

Solon Promises State Economy

Assemblyman Vincent Thomas of San Pedro, expressed determination this week to clamp a tight hold on all unnecessary government spending before beginning a search for new taxes. Thomas said the members of the legislature were determined to "do everything possible to avoid adding to the burden borne by the people of California upon whom all taxes fall whether they might be levied."

"The mail and the visits I have received from citizens of my district make it quite clear that the people are tired of government living beyond its income," said Thomas. "They want the state to practice the same kind of economy that the family at home has to practice. That means making ends meet, and living within our incomes."
