"WHAT'S ALL THIS 'DITHER' ABOUT SMALLER CARS?"

We understand that Detroit is contemplating a "different" sort of motorcar for you. A car that even resembles a car instead of a vehicle for interstellar travel. A car that is fun to drive, darts nimbly through traffic, and slips neatly into half a parking space. A car that stays young longer, depreciates more slowly, burns less petrol, and reduces those frightful maintenance costs. Well, good luck to them, we say. But we'll wager our last shilling that it will be some years before Detroit meets these specifications with quality of cars produced at British Motor Corporation. And at such prices! After all, BMC has been building small cars since 1895—and sports cars since 1923. That's why your BMC dealer is able to offer today such a wide range of family cars, starting only \$1495, and sports cars for as little as \$1795.

AUSTIN Austin-Healey MG MORRIS

AUSTIN A-40—A family sedan with the rakish lines of a station wagon! Fine British craftsmanship throughout, with styling by the eye hand of the famous Italian designer, Pinin Farina. Miles per gallon: about 38. Priced from \$1795.

MORRIS—At \$1495, the only family sedan with sports car performance and handling ease. Up to 42 miles per gallon with the hill-conquering engine of the Austin-Healey Sprite sports car. Available in 2 and 4 door sedans, convertibles, station wagons.

MG—The name that has become synonymous with "sports car." The practical fun-car for everyone, backed by the world's most honored pedigree. MGA 2-seater roadsters and coupes, from \$2462. Powerful Twin-Cam models, from \$3345. Magnette luxury sedan, \$2740.

AUSTIN A-55—This is the roomy, elegantly appointed "Cambridge" 4-door family sedan. With BMC's proven overhead valve engine, you can expect gasoline economy of up to 30 miles per gallon! Here is a brilliant combination of everything you could want in a family car, from \$2298.

AUSTIN-HEALEY SPRITE—A spirited British sports car, at a sporting \$1795! Top speed of over 80 m.p.h. and up to 38 miles per gallon of gas. Real sports car fun and thrills, at the world's lowest price. Now everyone can be a sport...in a Sprite!

AUSTIN-HEALEY 100 Six—The sports car enthusiast's sports car. Smooth and powerful, sleek and graceful...and priced at a surprisingly moderate \$3087. Powered by BMC's ferocious 6-cylinder engine for blazing acceleration, speeds of more than 100 m.p.h.

Small Cars and Sports Cars "OUR CUP OF TEA"

The very tightness of that little British Isle has spawned the kind of BMC cars that so well fit the needs and pleasures of Southern California today. Economically, the smaller cars designed for Britons, by the necessity of high petrol costs, work to our advantage because of the greater distances we drive. Physically, the smaller cars that are more easily driven in the cramped environment of England now help us in our own jammed traffic and parking situations. And Southern Californians have given more than sufficient evidence that they are cousins in the British ideas of motoring fun by the continuing climb of BMC motorcar sales. Finally, even BMC would have to admit, sadly, that the Southern California climate offers an incentive to sports car driving that England isn't equally noted for. So, really, a BMC car makes even more sense here in Southern California. Just look around you: the men and women whose judgment and taste you most respect are driving cars with a British accent. SO WHY WAIT FOR DETROIT TO EXPERIMENT WITH THE KIND OF CAR THEY THINK YOU WANT? Whatever your needs, preference or budget, you'll find just the car for your at your exclusive BMC dealers listed below. NOT NEXT YEAR OR THE YEAR AFTER, MIND YOU, BUT RIGHT NOW!

"BMC CARS RUN 'TIL THE ROAD WEARS OUT"
