

HANLEY ROGERS

### Rogers to Head Stock Brokerage Office in City

Appointment of Hanley Rogers, Torrance resident prominent in civic affairs, as District Manager of its new Torrance office was announced today by Diversified Mutual Funds, Ltd.

Date for opening of the new office which will augment the firm's Long Beach Division, will be announced shortly.

The new district office is designed to fill a long-felt need in Torrance for investment representation. Up to now there has been no brokerage house in Torrance and no firm of the type of Diversified in the entire South Bay area.

Rogers, is well-known in financial and investment circles. He is an alumnus of U. of Michigan Graduate School with Master's degree, majoring in economics and business, and served five years as Navy lieutenant in World War II. He is married, has two children and resides at 4124 Via Lado. Rogers is a member of the Torrance Chamber of Commerce, Lomita Chamber, President of Toastmasters Club, board member of Torrance-Lomita Red Cross and investment advisor to Torrance YMCA.

The Torrance office will have a staff of 15.

### Driver Jailed

A Hermosa Beach youth will spend the next 86 days in the County Jail as result of driving after his license was suspended.

Municipal Judge Otto B. Willett sentenced Harry F. Ridge, 23, of Hermosa Beach, Monday on the driver's license charge and three citations.

### Harvey Produces Wide Aluminum

The widest aluminum section extruded flat is being produced by Harvey Aluminum on a 12,000-ton hydraulic press. Measuring 28.08 inches in width, the integrally stiffened panels are extruded on a production basis for final machining into structural wing components.

A special technique developed by Harvey is used to extrude the extra-wide shape.

"By producing the part flat, we are able to hold closer tolerances and maintain optimum cross-sectional uniformity," said a Harvey engineering director.

### WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

The long pole in the hands of this telephone man looks like just the thing for fishing. But it's not a fish he's after; it's trouble. He's giving that cable a "bubble bath," spraying it with a gummy, liquid solution. If the cable is damaged, air will escape through the cracks and form bubbles along the cable. And that's our cue to make repairs swiftly, so your calls won't be affected. In this and many other ways, we keep close tabs on your service. This keeps your phone working more dependably—makes your service better.

### SUMMER SIESTA

This is the time of year when many a family backs the car out of the garage and heads for the mountains or ocean for a couple of weeks or so.

Leaving the toil and stress of the 50-week world behind them for a while—which seems forever when you're leaving and no time at all when you get back—you light out blissfully for the open road.

Although our service goes on 24 hours per day, 52 weeks per year, we at Pacific Telephone take our vacations regularly, and, just like you, here are some of the things we might forget without a reminder.

1. Get that old car—or new one for that matter—checked before you wheel out onto the highway.
  2. Drive carefully—even if it means you'll have to come back to the old grind again.
  3. Telephone ahead to confirm reservations.
- Also, if you don't mind our saying so, it's nice for the hardworking folks back at home to hear from you once in a while—via telephone, naturally. Bon Voyage. Pacific Telephone
