**Victoria Park Improvements Ready for Use**  
 Recently completed improvements at the Victoria Park playground were officially approved and accepted this week by the Board of Supervisors, according to Supervisor Kenneth Hahn, under whose administration the work was done.  
 Included in the work, which was the first phase of the park's development, were site grading, construction of a softball field with backstop, landscaping, a new picnic area, drinking fountains, walks, ad a large, well-equipped playground area.  
 Playground equipment included swings, slides, teeter sets, a merry-go-round, climber, tether ball set, parallel bars, mazes, arch climbers, and a giant slide.  
 "It is much wiser and more economical to provide children with well supervised activities where they can have healthy, wholesome, constructive outlets for their energies than it is to be constantly spending more millions for juvenile hall, courts, probation camps, police officers and judges," Supervisor Hahn declared.  
 He stated that plans for a recreation building of 4000 square feet to be constructed in the park later are now being prepared.
