Torrance Chamber Unites With Others in South Bay

Area Chamber of Commerce united Monday into the Greater South Bay Area Council of Chambers of Commerce. The group will meet monthly in member communities. Organization took place in Manhattan Beach. Dick Fitzgerald, manager of the Torrance chamber, was elect-

McGee to Speak to Executives Here Oct. 31

Sen. Gale W. McGee, who entered politics' upper realm last November when he stunned old-time Republicans in Wyoming by trouncing his favorite Frank A. Barrett, will be guest speaker at the "Executives' Dinner Club of the Torrance Area Saturday, Oct. 31, at the Plush Horse.

Dr. J. H. Hull, president, announced City Councilman Robert B. Jahn will be chairman of the evening and will introduce the senator.

Fellow senators have already recognized McGee as one of their most accomplished speakers. It may have come as a surprise to them that he had been a radio commentator and lecturer 11 years.

McGee was a professor of history and holder of a number of educational degrees before he made the race for the Senate. Between semesters at the University of Wyoming, he had taken several trips to Russia and specialized in foreign relationships.

In his talk here, McGee will discuss Uncle Sam's current problems.

Campaign for Blind Children Starts Nov. 1

A month-long campaign will get under way Nov. 1 to raise funds for blind children of Southern California.

The money will be used by the Foundation for the Junior Blind to provide education and recreation to more than 350 sightless children in Southern California.

Fitzgerald said many problems facing member communities can best be answered by cooperation. Items such as community calendars, city cooperation, brochures, industrial development, public-works programs, and retail sales can be handled by an interchange of ideas, Fitzgerald added.

The group voted unanimously to support the Central and West Basin Water Replenishment District. Voters in south Los Angeles County will decide this issue Nov. 17.

Chamber leaders said the purpose of the district is to restore underground water basins. They added that at the present time we are pumping out 53,000,000, 000 gallons more than is replenished each year.

Boundaries set for member cities were Imperial Blvd. on the north to Vermont on the east. The line continues south along the L.A. City strip to the sea.

The next luncheon meeting will be held on Monday, Nov. 16, at the Plush Horse with Redondo Beach Chamber the host.
