

# TARTARS FAVORED IN INTER-CITY GAME WITH SPARTANS

SPEEDY FULLBACK South's Bill Hargrove, No. 10 (left), is stopped short of a touchdown as he is ankle tackled by Lancer

Mike Kuhn, 37, at right. Hargrove will lead mates in inter-city battle tomorrow night against Tartars from Torrance High.

Tomorrow night at Torrance High Stadium, the unbeaten Tartars host the Spartans from South High in an inter-city game that rules the Torrance High gridders as six point favorites to beat their scholastic rivals from South Torrance.

The Tartars, idle last week, sport a 3-0 record this season having beaten Redondo, Inglewood, and Lennox. The latter win two weeks ago had the Kasten coached eleven running up their biggest scoring total, 33-0.

At South, Dave Tollefson has bought his boys along slowly; dropping their first two games to Artesia 7-6 and 20-14 to Hoover High from San Diego. The Spartans then defeated Culver City 20-7 and last week beat Lennox 25-12. This record of 2-2, however, does not show how good the Spartans really are for the backfield combination of Hargrove, Austin, Wehrhan and Duffy have just begun to click as a unit in their past two performances.

sport a backfield that is expected to give the South line a steady pounding. Led by quarterback Howard Taylor and fullback Joe Montgomery, Torrance High sports the best one two unit in the Pioneer League.

This reporter has seen both elevens in action this year and it is our view that defense will be the factor in winning tomorrow night. Both teams look real good as high scoring aggregations. However, of the two lines Torrance High appears to rate the nod as Weimer, Davis, Genta, Holdsworth, Nickel, Singer, and Baker have held the opposition to but 18 points during the Tartar three game winning skein. Meanwhile, the Spartan line has relinquished 46 points.

Last week's inactivity for Torrance High might be costly for the Tartars were gaining momentum with each of their victories. The Carson Street gridders also

### Saxons Look for First Win Saturday

After one tie and two losses, the Saxons from North High will try and push over their first win of the year against Leuzinger High Saturday night at 8 p.m.

Against the powerful Vikings from Santa Monica last week, the Saxons were hopelessly outclassed 28-6. An overflow crowd of 5000 saw the battle which was played at the beach city.

Leuzinger High does not have the team Morningside or Santa Monica showed to North High. At best they are rated one touchdown underdogs to the Saxons.

Coach Bob Shoup has a young and new team which has showed some good potential against its formidable opponents. A win against Leuzinger might be all they need to inspire them to go the rest of the way undefeated.

### EL CAMINO SLATED TO ENGAGE UNDEFEATED CORSAIRS SAT.

Conference-leading Santa Monica City College, undefeated in 16 outings, will display its awesome power in Murdock Stadium Saturday night at 8 p.m. when the Corsairs clash with El Camino, hot from a 24-6 conquest of previously unbeaten Valley.

### Boat Drag Race on at Long Beach

The Second Annual National Drag Race will be held this weekend, Oct. 24th and 25th at Long Beach Marine Stadium. Latest record for quarter mile is held by Jack Davidson with a time of 115.68, so there will be plenty of action by local boys trying to better that mark, among them being Rudy Ramos, Fred Silagy, Red Wilson and Carl Maginn. All boats must qualify starting at 10 a.m. Saturday morning, and classes from 30 through 59 MPH will be run off that afternoon, boats from 60 up, run off on Sunday. Many beautiful trophies will be awarded to winners of classes, plus Top Eliminator, fastest official record run at Long Beach Marine Stadium top blown gas, top unblown gas and top time outboard unlimited.

The meet is being sanctioned by the American Power Boat Association under the sponsorship of Long Beach Boat & Ski Club. Timing will be by the world famous Otto Crocker and Bill Morris of Lomita. Will be the official starter.

Camino squared its Metropolitan record at 1-1, as the Tribe turned on the juice that was sorely lacking in the Long Beach defeat a week past.

Ron Goodrich, Warrior rocket, exploded in the first period for a 73-yard punt return that served as the prelude to the firing of the Tribe's heavy artillery.

Valley, sporting victories over Glendale, San Francisco City College and San Diego, muffed several scoring opportunities and failed to capitalize on five Camino fumbles.

On five occasions the Monarchs moved the ball within the shadow of the promised land, but each time the Tribe defensive unit hurled back the Valley thrust.

Joe Costanza, 175-pound line-backer, and Sam Hard, defensive tackle, spearheaded the hard-charging Warrior line. Twice, on fourth-down situations inside the Tribe 15-yard line, Hard mauled VJC backs for a substantial loss, while Costanza was either making or assisting on 70 percent of the Tribe tackles.

### OUTDOORS WITH MEL

BY MEL SALTZMAN

It is often the individual who takes a chance and tries something different who comes up with the best catch or the limit for deep water fishing wouldn't you like to catch Calico bass in fairly shallow water. They are there but nobody knows about them because instead of searching for them they followed the live bait boats like sheep to the places where everybody was fishing.

I get a big kick out of finding good fishing in places where others just pass on their way to proven fishing grounds. I never like to pass a place that looks fishy without trying it. Perhaps that is why I catch fewer fish per trip than many people but I do have my moments. Can you tell me where there is a place where Opaleye are so big that they break 20 pound Mono. I can. When winter comes and most fishermen hang up their rods or get out the rock cod rigs for deep water fishing wouldn't you like to catch Calico bass in fairly shallow water. They are there but nobody knows about them because instead of searching for them they followed the live bait boats like sheep to the places where everybody was fishing.

How many fishermen have ever studied the maps that are available showing depths and rock formations on the ocean floor. These formations house all manner of ocean life and small fish. With these come larger fish to feed on the food nature has provided for them. It only takes the fisherman with a little imagination

### "Ol' No. 50"

By Dick Daugherty

SPECIAL TO THE TORRANCE PRESS

**World Championship to Los Angeles**

I've said it at the beginning of the football season and I'll say it again here—the Rams are going to bring the world championship to Los Angeles in '59.

Of course I may be a little prejudiced when it comes to my ex-teammates, however, let's look into the situation as it stands now.

In rapid succession the boys have won two games in grand style. The record now stands at two won, two lost and puts us in second place behind the Colts, Packers and 49ers.

**Detroit Tough**

Now with a home stand of three straight coming up I believe the Rams will build their record up to a commanding 5 and 2 position.

One item of interest during this home stand, and it used to scare me to death, that is playing a team like Detroit. They have yet to win a game, and don't think they can't pin anyone's ears back. Look for this one to be a rough game.

**Defense Clicking**

For me to go over the Packer game would be repetitious. The boys whom I have said would be our leaders did just that. Wade, Matson and Arnett lead the explosive offense. Les Richter, (definitely inspired by a recent article in Sports Illustrated which stated that the Ram line-backer was over-rated) led his boys to a no touchdown shut-out against the crew from Green Bay.

In Sunday's game I'm predicting a Ram win over the Lions with reservations that the boys had better be ready for one tough battle.
