When the weather has held up, the salt water fishing has been good. This is generally the salt water report as we hear it. The spooky yellows seem to have moved out of the Horseshoe kelp area with very little action reported from this area. The best area has been the Barn which lies half way between San Clemente landing and Oceanside. This is a long haul but some of the Long Beach Boats are traveling the distance in hopes of getting into more yellowtail action. Locally the Bonita and some Halibut are the fish in the spot-light and there are some White Sea Bass being taken. Some of the landings are running exploratory boats to the islands and report that the fish are there but are not in the biting mood. San Diego hasn't opened up yet but this can change at any time. Some of the best San Diego fishing is done in the early months. Malibu Landing reports that they will start to operate with live bait on Feb. 15.

Surf fishing has been generally slow in the local waters with better fishing reported as you travel north. The bait is still scarce at most bait stands with very few sandcrabs available.

Fishing in lower Mexico is picking up now with March and April the peak months. La Paz reports terrific fishing for Roosterfish, Yellowtail, cabrilla, red snapper, and sierra. Bill fish are being spotted but none taken at this time. Weather has been excellent and this is a great time for a trip to the gulf.

Freshwater fishing has been hampered by the weather but the Catfishermen are doing well on the River, with fair weather reported although the nights are cold.

Things to think about; Crowley reservations will be taken for rental boats starting March 14 in room 755 Los Angeles City Hall. Be there early. Trout season is sneaking up on us.

Ex-Torrance Babe Ruther Joins Giant Farm Club

Ron Andersen, 21, of 4331 W. 180th St. North Torrance was signed to a San Francisco Giant contract recently by former big league pitcher Dutch Ruther, it was learned today.

Andersen, a twirler, was first signed by the Boston Red Sox early last year but was released soon afterwards because of injury.
