Atonement Topic of Scientists

Christ Jesus's teachings of the indestructible relationship of God and man will be emphasized Sunday at First Church of Christ Scientist, 1750 Manuel Ave.

Highlighting the lesson-sermon on the subject of "Doctrine of Atonement" is the Golden Text from I John (2:1): 'If any man sin, we have an advocate with the Father, Jesus Christ the righteous."

Readings from "Science and Health with Key to the Scriptures," by Mary Baker Eddy will include the following (18:1-5):

"Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage."

Use classified. Call DA 5-1515.

Candidate Hits Giveaway to Farmer Bloc

TOM COFFEE

Tom Coffee, candidate for the 17th Congressional District guest speaker at the Torrance Republican Club, urged less federal spending and more economy in government.

He said he is opposed to the farm subsidy because as a result of this law city housewives are compelled to pay much higher prices for food.

Coffee favored the construction of fewer irrigation projects, because when crops increase, the government pays more money to farmers to restrict land crops.

The following were elected to office by members of the Torrance Republican Club: Tom Brewer, president; John Kessin, vice president; and John Crain, secretary-treasurer.
