

6 MILLION AMERICANS NOW WEAR CONTACTS!

QUESTIONS AND ANSWERS ON CONTACT LENSES:

- Q. What do contacts do for a girl?
- A. Girls report less shyness and more dates, more self-confidence at work, getting better roles on stage and winning beauty contests, no fogging, and better vision from better corrective value.
- Q. How big are contact lenses?
- A. About 1/3 of an inch wide, and as thin as a piece of paper—much thinner than you imagine, as they need to cover only part of the pupils in your eyes for superb vision.
- Q. What happens if I drop a contact lens?
- A. Because contacts are thin and made of light plastic, they gracefully float to the ground. They will not break unless you step on them.
- Q. What has made contacts so popular recently?
- A. The first contact lenses of 25 years ago were almost as large as half an eggshell, and required considerable skill. But 6 million Americans wear today's tiny, easy contacts.

EDITOR, THE PRESS:
 Parents don't care what they do with their youngsters. That is, the parents of 42 youngsters I observed Saturday night don't seem to care.

During the intermission, close to 10 p.m., I counted 42 youngsters under the age of 12 who were in the theater without parental supervision, or supervised by a teen-age brother or sister. I was greatly perturbed when I saw two pretty girls approximately 5 and 7 years old who were alone. From time to time, they would move to various parts of the theater. Also, these youngsters were watching a very adult movie that was unsuitable for their years and understanding.

The usherettes are not baby sitters. It is not their job to supervise these youngsters and they don't know which adult belongs to these children. But the question that comes to my mind when I see these unsupervised children is "Where are the parents?" Are they out at a party, out to a cocktail lounge or just plain out?

Youngsters of this age are better off in bed or at least at home at 10 p.m. To me, parents who dump their children at the movie house and then take off for their partying are guilty of the lack of parental supervision. It is parents like these that turn my stomach sick.

EDITOR, THE PRESS:
 The Torrance Fire Department is to be congratulated on its excellent work in the fire we had Sunday.

By their quick thinking and initiative of the captain, a considerable amount of property was saved. The efficiency with which they handled the fire and thoroughness and thoughtfulness they showed in cleaning up reminded us to be grateful for a fine department.

Defense For DeArmitt
EDITOR, THE PRESS:
 I would like to have my say as a citizen in regard to the suspension of Richard DeArmitt by his chief in the political matter in which he is supposed to have participated.

Since I am one of the candi-

dates he was supposed to have campaigned for, I feel I have a right to speak. The campaign matter in question was given to Mrs. DeArmitt at her home by me personally.

As for the rights of Mr. DeArmitt as a citizen, the city, state, or federal government has no control over his private property or what he puts on it. This has been proven in a court case by one of the leading car manufacturers in the past two years. Regardless of Civil Service rules this man's civil rights are being challenged and every citizen in Torrance should protest.

I might add also that the morale of our fire department is the

chief's responsibility. Is this helping? Will this give our firemen incentive to work? Just what do we offer? Has anyone bothered to check with other cities of our size, regarding pay scale, the number of men needed, the hours worked?

The city can't continue to use its fast growth as an excuse for not improving conditions. Our city fathers are responsible for
