**3 Long-Time School District Employees Quit**

Three long-time Torrance Unified School District employees are retiring at the end of the current school year, according to Robert Morton, personnel director.

Bidding fond adieus to fellow employees are Joy Prime, head teacher at the Child Care Center; Albert Clements, maintenance carpenter; and Carl Hoke, utility groundsman.

Mrs. Prime has served the district since it was founded in 1947 and also was here under the Los Angeles School District. Hoke also served since 1947, while Clements had been here since 1951.

**Factory Wages Up**

Average hourly earnings of manufacturing production workers were at an all-time high of \$2.56 an hour in April in the Los Angeles-Los Angeles Beach metropolitan area.

**Dr. E. J. Tarr Named Member of Dental Program Committee**

Dr. Ernest J. Tarr, practicing Torrance dentist, whose offices are at 2418 Torrance Blvd., has been named a member of the program committee of the California Society of Dental Surgeons.

Dr. Tarr is also chairman of the committee on credit of the Society of Dental Surgeons.

The Society of Dental Surgeons meets monthly for dinner at the Statler in Los Angeles. Practising Dentists from all over Southern California attend.

The purpose of the program committee is to provide lectures and demonstrations to keep members informed of new drugs, techniques, and office procedures so as to permit them better to serve their patients.

DR. E. J. TARR

Another purpose of the committee is to provide educational dental information to the public, so this will understand the importance of good dental health.

The purpose of the credit committee, of which Dr. Tarr is chairman, is to investigate, study, and recommend to the society better methods for financing necessary dental care.

A senior member at one of the recent meetings declared statistics show 10% of the American public that need dental care get treatment. There are two major reasons why 90% of the population do not avail themselves of dental care. One is, lack of necessary information as to the importance to the patient as far as appearance, comfort and just plain good health to have necessary dental care done regularly.

Due to improper education, many have unfounded fears and untrue notions regarding the proper type of dental care. The other main reason is most people don't take care of their teeth because they just don't have the cash. A great many people would take care of their teeth if they could pay for it gradually in payments they could afford.

Still another committee of which Dr. Tarr is a member is investigating and studying the prepaid dental plans being used and enlarged by labor organizations. More and more unions are including dental-welfare clauses in contracts with employers. Dr. Tarr believes this method will greatly increase the number of persons that will

**Parking Ban**

(Continued from Page 1)

As a result, he said, he has got out of bed during a snowstorm under the impression he was illegally parked, moved the car, and found the next morning he had been right to start out.

Furthermore, Whitley said, it will cost a lot of money to post the streets for alternate parking. The people, he said, must decide whether or not they wish to go to that expense.

He suggested that residents of various areas present petitions on their preference for the best result.

Meanwhile, they can tag you any time—between 2 and 4 a.m., no matter what street you may be parked on.
