

Turners Dine Out

Enjoying the tropical atmosphere, island music, and exotic foods recently at The Polynesian Restaurant were Col. and Mrs. Archibald Turner of Torrance.

— Letters to the Editor —

EDITOR THE PRESS: The following is a letter which I sent to the President of the Chamber of Commerce, J. H. Paget, I don't know if any action will be taken as a result of it, but I was interested in knowing if there were others here in Torrance who might be of the same opinion.

Dear Sir: I believe it was at the instigation of the Chamber of Commerce that Torrance first began the custom of making a float which was entered in the Rose Bowl Parade and that you raise money for this project through various ways such as Ranchero Days.

I should like to offer a suggestion of a way that this money could be put to better use for the youth of our city. For many years it has been the dream of all those interested in our teenagers that they might have a place of their own similar to the one run so successfully in Redondo Beach. Our City Council has not seen fit to provide funds for this however.

Therefore, I suggest the money spent on a float, beautiful as it is, is spent foolishly when all the flowers are dead a few days hence. All the enthusiasm that is spent by these wonderful volunteer workers could also help build a youth canteen.

Please let me state that I am a lover of flowers, also. I have founded two garden clubs. The Beau Jardin Club in our city as well as one in Sunnyvale, Calif. I also helped on the International Flower Show Entry in 1958 when my theme was picked to represent our city. Helpers from Beau Jardin have helped on the Rose Bowl float and enjoyed it as well. We have also started a clean-up and area beautification project in the past two months.

I feel, however, that the Chamber of Commerce would have an even greater honor if they would take over the fund-raising for a teenage youth center. The All-American city must keep forging ahead and setting the example. What better way than this?

Sincerely, MRS. JAMES STADLER

Since the automobile was invented, more than 62,000,000 Americans have been killed, crippled or maimed in motor vehicle accidents. Of this total, 1,400,000 were added in 1959, showing an increase of 50,000 over the figure added for 1958.

When These Shoes Fit Your Carpet Will Still Look Like New!

IF IT IS WOVEN BY CALLAWAY MILLS OF THIS NEW CONTINUOUS FILAMENT NYLON

THE CARPET 1,500,000 PEOPLE COULDN'T WEAR OUT—This carpet, in the toughest texture test ever given, as installed in Grand Central Station, New York City. Every day for 55 days, 30,000 people walked over it, a total of 1,500,000 busy commuters, showing a constant rain of chewing gum, litter, grime, snow, mud and soot. At the end of this time, it was cleaned by ordinary home cleaning methods. The pile height showed practically no wear, there was no crushing, and the color was almost as clear as when new. This is more wear and tear than you will give your carpets in 50 years, even if you are a Den Mother and have a Little League Party once a week.

HOW DO YOU CLEAN IT? Easier and quicker than any floor covering you have had. Even Spilled Black Coffee—a disaster on most rugs—is only an inconvenience here. THE REASON? This new fiber is as smooth as the handle of your tooth brush. Dirt does not get inside—so all ordinary stains just wipe off.

HOW ABOUT COLORS? Choose from 25. All clear and more fade-proof than any other fiber. Nylon starts out Snow White—whiter than this paper, so dyes show their rich tones, and it's more fade resistant too.

YOU CAN AFFORD IT

The average home in this area needs 48 square yards for living room, dining area and hall, and this costs you only \$18.08 down and \$19.85 monthly. This is completely installed over 60-oz. foam rubber pad and includes all Labor, Tackless Stripping, door metals, sewing and even the sales tax. It costs even less if installed over 50-oz. waffle padding.

Come see this carpet installed on the sidewalk in front of our store now—or call FR. 9-8934 to have the samples shown in your home. None of our people work on commission, no one will try to high-pressure you, our only aim is to help you select the colors that will complement your own good taste.
