

### Figures Reveal Great Increase in Building

While most of Southern California is reporting an amazing clip according to Long Beach lead Torrance in building activity, Torrance Department of the Torrance continues to move along at Chamber of Commerce.

Only Los Angeles and Beverly Hills and Santa Monica, both with only one-half of that total, follow.

The five month figure for 1959 was only \$10.5 million which means Torrance has increased its building activity at a whopping \$7.5 million in the first five months of 1960.

Long Beach follows with \$30,357,000 with Torrance a

### Epilepsy Society Commences Drive

July is "Epilepsy Month" in Los Angeles County. Mrs. Opal Hamby, President of the County Epilepsy Society, today announced that July will be a time of concentrated effort in public education and fund raising. "The society is small, but our task is enormous," she stated. Mrs. Hamby pointed out that there are 60,000 epileptic persons in the county alone. Although primarily attacking children, epilepsy strikes any age group, she said. Mrs. Hamby urged that contributions be sent to Epilepsy, Los Angeles 51, in order that the services of the society can be continued.

### MAKES IT EASIER FOR SENIOR CITIZENS TO GET NEW GLASSES

Although the liberalized pension law makes it possible for many more senior citizens to enjoy improved vision without cost, the necessary formalities are sometimes confusing. Dr. J. M. Soss, optometrist in the Harbor area for 32 years, points out that filling out forms, contacting the social worker, etc., may be avoided entirely by pensioners if they will simply bring the name of their social worker to his convenient, ground floor offices at 1268 Sartori Ave. Dr. Soss states his offices are always available without obligation to pensioners who desire friendly, efficient help in determining their eligibility for glasses and in completing the necessary records. Comfortable, private facilities are provided and arrangements can be completed in the shortest possible time. No appointment is necessary and Dr. Soss' offices at 1268 Sartori Ave. are open Friday evenings and all day Saturdays. Dr. Soss' optical services are complete, including the grinding of lenses in his own modern laboratories. Phone FA 8-6602. Offices also in Wilmington.
