It's you and your children—of course. You—the consumer family are the ones that are hurt, deprived of those extra things in life if you are forced to pay so called "Fair Trade" prices (actually unfair trade) and suggested retail prices.

Just recently Minnesota's so called "Fair Trade" law was killed by the State Supreme Court. Justice William P. Murphy, author of the high court's decision, stated, "The purported authority to fix prices is an unconstitutional exercise of legislative power."

CERTI-BOND CITY and the NATIONAL ASSOCIATION OF CONSUMER ORGANIZATION of which CERTI-BOND CITY is a member, are two organizations continually fighting to save YOU, the consumer, his hard earned money.
