WATCH THAT WATER

A ten minute shower will use up about 30 gallons of hot water, Anaconda copper plumbing specialists report. This is about twice the amount used in a full day of washing dishes.

Area Receives New Recruiter

Staff Sergeant Warren R. Franks, newly assigned air force representative for the Torrance and South Bay areas, was greeted by the USAF area supervisor, Master Sergeant William B. Swatwell, as he began his tour of duty at the Torrance recruiting office, 1319 1/2 Sartori, recently.

Sergeant Franks is replacing Staff Sergeant Leland E. Mason, who has been re-assigned to Lybia for further duty.

The new area sergeant is a veteran of 17 years of service, spending the first ten years with the army and the remaining time with the air force.

The sergeant stated that, although his primary mission is to procure qualified personnel for the air force, he is always available by persons or organizations desiring information or assistance where the recruiting service might be of help.

Franks announced that increased emphasis is being placed on the Judge Advocate program in an effort to meet a rising demand for lawyers to serve as air force legal officers.

He explained that, under the commissioning program, qualified lawyers are given direct commissions in the grade of First Lieutenant or higher, depending on the individual's age, education, experience and proven ability. Accepted applicants serve a minimum of three years on active duty.

Air force legal officers are offered the same pay and privileges as other officers of equal grade, including 30 days paid vacation each year. "They work in a professional environment and have a practice of unusual scope and variety," he said. The air force lawyers' talents are applied in many activities, including military justice, procurement, foreign law, claims, tax and litigation, and patents.
