MINORITY RULES

Although they make up less than 14 per cent of the driving population, drivers under 25 years of age were involved in nearly 29 per cent of the fatal accidents last year.

GREAT OUTDOORS

"Land, lots of land" is still the cry of the average homeowner. Specialists report that more than two-thirds of all new homes are built in suburbs or in small towns and cities.

TAXING TAXES

According to the Tax Foundation, about nine out of every 10 persons who file an income tax return make less than \$10,000 a year. It adds that if the government took 100 per cent of all taxable income above \$10,000 the extra revenue wouldn't even pay the interest on the national debt.
