SQUIRRELS REALLY GO FOR phone cables. They like to gnaw on them. Trouble is, this leaves holes that can interfere with your service. So to keep little teeth away, phone people put metal roofs over the

most tempting cables or wrap them with steel tape. Squirrels don't like this, but it sure saves on repair costs—one more saving that helps us give you the most for your telephone dollar.

Local Residents Attend NECA Nevada Convention

Torrance residents will be among those attending the National Electrical Contractors Association Convention starting Monday, Oct. 24 at the Thunderbird Hotel in Las Vegas, Nevada.

Highlight of the convention will be the installation of a newly designed slot machine that makes every player a winner. The reels on this slot machine will have a Circle F on them instead of the usual cherries, oranges, and fruit designs.

Edward Ring, World War II specialist in deactivating bombs under fire, designed the new slot machine. Ring is executive vice president of Circle F Mfg. Co.

When questioned if he'd go broke on his slot machine, Ring laughed and said, "No, my company is manufacturing the coins to play with too!"

Mrs. Louise Bergmann of Torrance will hostess at this event for her convention

friends, Mrs. Armand Bagar and Mrs. Richard McCarthy of New Jersey also attending the convention.

Attending from Torrance are: Wm. Bouchanan, Harry Schisman, John Davidson, James Melchert, James Burk, and Estelle Josephsen.

From Wilmington, George Adams will be at the convention. Nathan Kushenbum, Gardena; Larry Ray, Redondo Beach; and James Maddox, San Pedro will be among those who will see Miss Electrifying crowned by Vic Damone another highlight of the convention. The queen's wand will create a charge of electricity rising from a tiara worn by Hedy Lamarr in the movie, Samson and Delilah.

There are some 14,000 active NECA members from coast to coast, whose headquarters are in the Ring Bldg., Washington D.C.
