

Harmony Group Sets Concert Plans for Spring

Local chapter of SPEBSQSA is now starting its fifth season of barbershop style male harmony and wishes to announce that a concert is planned for this spring. An early announcement date will be made.

SPEBSQSA stands for "Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America," a nationwide organization

which sings for fun and good fellowship. Their quartets and choruses are in demand for entertainment purposes such as hospitals, clubs, schools, and civic affairs. Goal for 1961 is a membership of 100.

Men of every age bracket who enjoy good old harmony are invited to come and participate. Meetings are held every Monday at 7:30 p.m. in

the Music Room R-2 of Torrance South High School, Pacific Coast Highway.

Quartets are now being formed and chorus of 50 male voices is also being organized.

"Drop your troubles and cares and enjoy a night of relaxation in harmony," said John Whittington, newly elected president, of 1811 Torrance Blvd., Torrance.

SPECIAL TREATMENT

Distinctive appeal can be added to exterior plastered walls, and in some instances interiors such as theater and restaurant lobbies, by the use of special plaster treatments such as colored plaster grooved and textured to simulate real brick. For those who can spend a little more, ornamental plaster work will enhance the beauty of any room.

Banking Class Series Launched

Twenty-two classes are being offered by the Harbor Chapter, American Institute of Banking spring educational program which opened with classes beginning last Thursday.

Sessions will be held in Torrance, Redondo Beach, San Pedro, and other surrounding areas. One of the required courses to obtain the Senior Graduate Certificate in Management is Supervision and Personnel administration. The course is being offered in Redondo Beach.

The Chapter's educational program is open to enrollment by all of its members through the Consuls in the banks and branches. The program which includes a fall and spring session of classes is planned and designed to afford an opportunity for each bank employee from bookkeeping to manager to further their knowledge of banking and related fields.

On January 5th the program planned for the spring semester was presented by Thomas W. Clements, Chapter second vice president, to the Consuls at the Consul's Dinner held in the Petroleum Club, Long Beach, at 7 p.m. On January 11th, Joe Gallipeau, Chapter president, presided at the Faculty Dinner held in the Brower's Restaurant, Long Beach, at 7:30 p.m., the spring session of classes was reviewed with the faculty by Frank Schiavone, Chapter first vice president.

Harbor District Chapter has been consistently growing over the years in membership and enrollment under the leadership of bankers dedicated to progress through education. The fall term was completed in December setting a new record for the Chapter in membership and enrollment with memberships totalling 1,282 and enrollments 451.
