

**PLEASING COMBINATION**  
The decorative possibilities of real ceramic tile are literally without end because domestic manufacturers produce it in more than 200 shades. This variety of colors, plus the range of shapes and sizes, in addition to the pleasing combinations of both, provides the home owner with unequalled opportunity for self-expression through design and texture.

**HOPES TO SHINE**  
Ralph Plumlee, first-year man brought up to the Dodgers roster as a protection against the draft, hopes to cut a figure in the annual Baseball Golf Tournament in Miami. The kid shortstop from Dallas is a 70-shooter who was on the verge of turning links pro when the Dodgers came along with their fat bonus offer.

**Kills crabgrass as it sprouts**  
The seed from last year's crabgrass is in your lawn—just waiting for warm weather to sprout. In half an hour this weekend you can make sure it will never come up. Just fill the accurate Scotts Spreader with HALTS®, set the dial, and take a walk. HALTS creates an invisible barrier over the entire lawn, lies in wait, then strikes when crabgrass sprouts. HALTS doesn't harm good grass—in fact, HALTS is so compatible with grass you can actually seed the same day!

Ask us about the Scotts guarantee... a better lawn or your money back!
