New Bags Are Good Travel Mates

For gals on the go this spring, new soft lightweight leather luggage is as fashionable as handbags and shoes. New shapes and sizes in pullman cases, overnight bags, weekend bags, train cases, fitted make-up cases and attache cases are crafted in soft lightweight leathers with a minimum of framework.

Spring pastels—gray, bluish-tan, olive, coral and others—are increasingly popular in leather luggage for women. A matched set of three of four pieces can be kept in the color continually favored in the wardrobe.

A modern woman's luggage is in airline weight leather, even if she travels by train, bus or automobile. Luggage sides are soft to eliminate the weight of stiff backing materials; leather is extra durable and scuff resistant.

Hardware is streamlined in brass, steel or hard aluminum. Leather forms a complete surface on some bags while in others, neat seam edge stitching in white or the same color as the bag is used.

FOR THE EASTER PARADE—Lilac and turquoise ensemble which is modeled by Mrs. William Faulds, Junior clubwoman, is charming for the Easter parade. Designed by Sophisticated Miss, the silk print sheath has a scoop neckline and small cap sleeves. The linen and silk blend coat is lined matching material. The ensemble is available at the Pic-Wic Store, 1713 El Prado, Torrance.

MARRYING AGE

According to an article in Coronet, this country has the youngest average marrying age in the Western world. In a late year, for instance, 40 per cent of all brides were teenagers. A result: Couples where bride and groom are under 20 at the time of marriage have a 20 per cent divorce rate, highest for any age group.
