Trade Tricks To Know, Use

Linnings and interfacings can present a problem. If one shrinks more than the other, the first washing will find you in trouble. Best solution is to interface with the same fabric. Linings can often be bought in coordinated fabrics—that is, a solid color coordinated with the print you choose, or a print whose main color matches your plain fabric. If both are labeled Sanforized, there is no shrinkage problem of course.

About hems and cuffs, seam tapes often pucker or shrink in washing, so the neatest method is a turned-and-stitched hem.

Seam finishing doesn't present any difficulties. Raveling is at a minimum with wash-and-wear cottons. Just use pinking shears to give your dress a neat interior.

Yes, all of these "tricks of the trade" help you turn out a more professional looking finished garment, and home sewing turns into an adventure. Just what did you have in mind as a starter?

Newsy Knits Get Nod of Approval As Style Leader

In casual and sportswear collections cotton knit takes on an important role in stripes, polka dots and solids like daffodil, tangerine, turquoise, lilac. Bolder stripes coming white, yellow, orange and hot pink are a striking addition. The beach shift with front zipper teams with tank top, play suits, some of them in two-color combinations.

Top of knee, Capri, walker and short shorts lengths in pants, slim and full skirts, bloused and sashed or straight falling overblouse complete group.

For town, smart wool knits remain favorites with busy women who enjoy their wrinkle-shedding characteristics.

New styling and fabulous new colors add additional appeal to the wonderful "on the go" qualities of a handsome wool knit or blended knit costume.

For dress-up wear other than sports, knits boast exciting scarf or cowl necklines, soft gathers at the waist, contrast stitching or show off in the fairly new jacquard knit.

New Look-'61 Is Of Subtle East

Watch for a profound change in Women's clothing fashions as the "New Look" is subtle enough to be accepted without any hesitation.

The sum of lithe slenderness, mobile cut, easy shaping, elongated bodice, bared throat, bared arms, and a "small" but decorative head within individualized hair styling and forward hats — will comprise the "No. 1 Silhouette" in spring fashions.

There's a Bon-Bon Look to Young Girls' New Footwear

Young girls playing "let's pretend"—can step into Mother's shoes the easy way—in Lilliputian adaptations of grown-up shoe styles, reports Shoe Fashion Service of Leather Industries of America.

The smart new all leather little girls' shoes fit as comfortable as Cinderella's slipper, and are subtle youthful copies of the latest adult fashions. These tasteful adaptations of grown-up footwear fashions include the widespread use of bone, white and black patent leather—and in combinations of grain and smooth leather—or brushed and smooth leather.

Young girls' shoes achieve the pointed fashion look through clever vamp styling, and imaginative detailing that gives an illusion of length.

Slim, flexible leather soles emphasize the longer look, even as they provide for tender feet. Heels too—of course, very-tiny heels—reflect the adult look through saucy slanting and shaping.

Gleaming black real patent leather shoes are being favored for year 'round fashions. New processing makes real patent leather more durable and easier to clean and takes to many exciting style variations.

Even if the young teen girl has yet to use her first lipstick, she'll love the lift she gets from spring footwear that thakes its color cue from the soft, glowing colors from the new season cosmetics.

For formal wear, with spring gowns in understated colors, there are smooth leather pumps in powder peach and lipstick pink. Lustre leather footwear picks up silvery undertones from lip any eye cosmetics.

Soft flexible flats remain popular 'round-the-clock shoe on campus or sweet shop. Versatile casual leather flats, priced pegged to the modest budget of the teenager, are the chief reason for their top position on the shoe hit parade. For class or Saturday shopping a simple brushed leather one-eyelet can be worn. Under a full-cut topper or under a shaggy sweater and pant, combination a soft, supple grained leather fringed top boot-shoe is most fetching.
