## Mother-to-Be Classes Set For April 13

A class for mothers-to-be will begin Thursday, April 13, at 1 p.m. in the Torrance Health Center, 2300 W. Carson St., Torrance, to help prospective parents become familiar with the latest health information on pregnancy, childbirth, and care of the newborn, announced Dr. B. A. Kogan, district health officer for the Los Angeles County Health Department.

These classes are held for the patients of private physicians and are planned to support and supplement the teaching of the family doctor. In no way are they planned to take the place of early and adequate prenatal care by a physician. Any prospective mother may attend with the consent of her physician.

## Great Western Continues 4 1/2%

By formal action of the Board of Directors, Great Western Savings and Loan Association will continue to pay savers 4 1/2% interest rate for the second quarter of 1961, commencing April 1, while endeavoring to reduce further the already lowered rate charged to many qualified borrowers, according to an announcement made today by Emil Seliga, Executive Vice President.

Both holding the line of the current high interest rate for savers, while continuing to lower rates on new mortgages, are made possible in part by the fact Great Western expects a record volume year of \$150,000,000 in loans to builders, Seliga's announcement said.

Last year Great Western loaned \$83,000,000, which makes the prediction for 1961 nearly double the preceding twelve-month period.

## Open House Slated For Torrance High

Parents of Torrance High School students will visit Torrance High School classrooms during the annual Open House scheduled this year for Tuesday, April 11, from 7:30 to 9 p.m.

Personal invitations to the parents to visit classrooms were issued this week by Dr. Carl R. Ahee, Principal. Parents were invited to view materials issued in the classroom such as textbooks, supplementary materials, tools, instruments and other educational aids. Student program cards for parent use at Open House will be completed by each student.

Student ushers and guides will be stationed about various areas of the campus to make certain that parents will get to visit all classes on the campus. Letters of invitation have been sent also to parents of eighth grade students who will attend Torrance High School next year. These parents are invited to attend on 8th grade parent meeting in the Torrance High School library, at 7:30 p.m. during Open House.

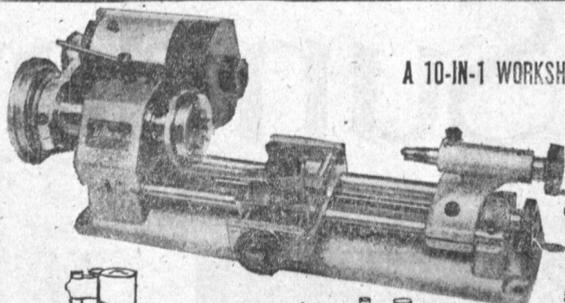

Parents and members of the THS Parent-Teacher Association are invited to attend a meeting of the Parent-Teacher Association at 7:30 p.m. in the auditorium. Actual visitation of the classrooms will commence at eight o'clock. "Open House is a traditional function at Torrance High School," Dr. Ahee stated. "We anticipate a fine representation of parents at this annual affair scheduled for Tuesday, April 11, at Torrance High School."
