

Log Hoedown Set by Club

Eager Beavers square dance club will hold their first annual Log Hoedown on Saturday, May 6, 8 p.m. till 11 p.m., at Dodson Jr. High School, 28014 Avenida Arpenda and Western Ave., (2 miles south of Pacific Coast Highway), Rolling Hills and all square dancers are most cordially invited to attend this gala event.

Frontier Squares of San Diego and Caller Wild Bill Keller, a whole busload of them will arrive primed for fun and dancing and to help the Eager Beavers launch their first annual Log Hoedown-Prizes will be awarded, refreshments will be served.

Eager Beavers will hold their regular Sunday evening dance at Harbor Hill Rec. Bldg., 26607 So. Western Ave., Lomita, but something new has been added—from 7 p.m. till 7:30 a basic round dance class will be conducted by Myrna and Kenny Cheek.

PASTEL BOUQUET—Light as a fairy queen's wand is the draped swim suit in cotton chiffon over sateen. Colors are a pastel bouquet of blue, green, violet and yellow. The suit is completely interlined and boned at bust, sides and back plaquet. Also it has a padded-self bra and narrow straps for optional use. Under fifteen dollars the suit and matching jacket are available at J. C. Penney. Matching sheer jacket is straight lined with side slits, a portrait collar softened at the neck with unpressed pleats and cuffed elbow-length sleeves. It has a one self-button closing and is under \$12. Sizes on both are 32 to 38 at J. C. Penney.

RAFT OF OYSTERS

Oyster stew from trees? It's possible, according to some Pacific Coast lumber mill owners who have been harvesting two-and-three-year-old oysters from the bottom of log rafts where the mollusks attach themselves during storage.

CHILLY?

Many homes are built on a concrete slab 4 inches thick which equals, in insulation value, a wood deck only 1/4 of an inch thick placed directly on the ground! To equal the insulation value of a wood finish floor over a wood sub-floor, a concrete slab would have to be 22 inches thick.
