

The Communist Threat

HOW SHOULD YOU MEET IT AND GUARD AGAINST IT

(CONTINUED FROM PRECEDING PAGE)

5—COMMUNISTS ARE NOT AMERICANS.

"Communism stands for everything America abhors: slave camps, rigged elections, purges, dictatorships," Hoover writes. "The American people, fortunately, are now more than ever aware of the danger of communism."

The learned Federal authority lists 12 tests by which you, an alert citizen of your community, can detect communist fronts and do much to lessen and possibly destroy their influence:

1. Does the organization espouse the cause of Soviet Russia? Does it shift when the party line shifts?
2. Does the organization feature as speakers at its meetings known communists or sympathizers?
3. Does the organization sponsor causes, campaigns, literature, petitions or other activities sponsored by the party or other front organizations?
4. Is the group used as a sounding board by, or is it endorsed by communist-controlled labor unions?

5. Does its literature follow the communist line?
6. Does the organization receive consistently favorable mention in communist publications?
7. Does the organization represent itself to be non-partisan, yet engage in political activities and consistently advocate causes favored by the communists?
8. Does the organization denounce American foreign policy while always lauding Soviet policy?
9. Does the organization utilize communist double talk by referring to Soviet-dominated countries as democracies?
10. Have outstanding leaders in public life openly renounced affiliation with the organization?
11. Does the organization, if espousing liberal, progressive causes, attract well-known, honest, patriotic liberals, or does it denounce well-known liberals?
12. Does the organization consistently consider matters not directly related to its avowed purposes and objectives?

Know of such an organization in your community? Then get the facts . . . the FBI is not interested in rumor or idle gossip . . . don't try and do any investigating yourself . . . call the FBI's nearest office.
