#### WISE GARDENER

Around his Roses, the mulch-wise gardener again will lay it on thick. A three inch layer of steer manure, or one of the new commercial organic mulch products, is not at all out of line. Try it and see how happy the Roses remain even in the hottest weather with less than the normal watering.

The gardener should also mulch around other moisture living shrubs such as Azaleas, Hydrangeas, and Hibiscus, Chrysanthemums, Dahlias, all flowers can be mulched to their benefit.
