Torrance Branch Red Cross Elects New Leaders at Dinner

"You people here at the annual meeting of the Torrance branch of Red Cross represent American Red Cross to your community."

This was the reminder given by Mrs. Carrie Belle MacCarthy, Red Cross home service supervisor, as she described operation of the home service department to the local group.

"Red Cross is the only service organization in the United States which is operated on a 24 hour basis," declared Mrs. MacCarthy, who has been sent to two national disasters during the past year by Red Cross.

"Home service is perhaps the least known of all Red Cross services. . . we are not still wrapping bandages on wounded soldiers in the battlefields," she explained.

Members of the Torrance branch met for dinner at The Palms Restaurant, Thursday, June 1, to elect new officers and members of the board of directors.

George Post, vice president and manager of the United California Bank of Torrance, was named chairman for the coming year. Newell Larson will serve as vice chairman. Mrs. Beryl Foltz will be secretary, with Mrs. Frank Pagac as treasurer.

Those selected to serve on the board were F. Gerald Anderson, Dr. Martin Bain, Mrs. John Bennett, Dr. Eugene Cook, Dr. Don Cortum, Mrs. Rose Craig, Father John Cremins, James Crockett, Dr. William Hull, Mrs. Naomi McVey, Jackie Pagac, Mrs. William Poser, Gerald Saladin, the Rev. William Schatz, Dr. Reinhold Ulrich, Mrs. Grace Wright and Robert Sheritt.

A certificate of appreciation was presented to outgoing chairman Henry Halverson by Los Angeles Chapter Comptroller Ed Matson on behalf of Frederick Schnell, chairman of the Los Angeles Chapter.

Certificates were also presented to those who led the Torrance fund campaign to its present total of 95 percent of quota. Those honored included Mrs. Evelyn Radford, Fred Mills, Mrs. Helen Lacky, Wally Haas and Mrs. Frank Pagac.

APARTMENT LIVING

Some 3 million new apartments will be built during the next 10 years, Anaconda copper plumbing specialists estimate. Many of these apartments will be in suburban areas, where modernized codes now permit use of long-lasting construction materials such as copper drainage tube DWV.

LEADERS

About one-fifth of the country's home builders account for over four-fifths of the new homes built, Anaconda building specialists report. These volume builders are now including features such as all-copper plumbing, central air conditioning, radiant panel heating and other aids to comfortable living that were formerly found only in custom homes.

Tribal Theme Makes Colorful Installation for Woman's Club

The story of an Indian tribe known as the Torrance Woman's Club was the clever and humorous theme used by Mrs. Don B. Wolf in ceremonies at the Clubhouse on Wed., June 7, when officers for the 1961-62 club year were installed.

Mrs. Alma Smith was the assisting installing officer. Mrs. Leondrus Stamps was presented with the Chief's headdress, and three feather headdresses were given to Mrs. R. C. Focha, first vice president; Mrs. A. Z. England, second vice president; and Mrs. R. J. Warnock, Jr., third vice president.

Other officers installed were: Mrs. J. G. Laird, recording secretary; Mrs. W. L. Norman, corresponding secretary; Miss Carlita Reeve, treasurer; Mrs. F. M. Shaw, ways

and means chairman; Mrs. C. A. Perkins, auditor; Mrs. E. G. Laukhney, reservations; Mrs. R. J. Apsey, parliamentary.

A catered luncheon was served at 12:30 p.m. with summer flowers and bright Indian feathers decorating the tables. Highlights of the State convention at Sacramento were given by Mrs. Charles Black, state press and publicity chairman. A business meeting followed this report conducted by Mrs. Roy Apsey, president. Mrs. Apsey also gave the president's report for the year and Mrs. Lee Clotworthy, Junior past president, gave the report from the Junior Club.

Other chairmen giving reports were: Mrs. V. E. Benstead, decorations and garden section; Mrs. R. C. Focha, house chairman; Mrs. A. Z. England, ways and means; Mrs. H. J. Osborne, philanthropy; and Mrs. James Burchett, remembrance. Mrs. R. E. Moffitt and Mrs. D. J. Thomsen presented the Marina District First Block Award winning Press Book to the president, and the membership presented a leather jewel case to her.

Victor Belmont, violinist, played an original composition, "Devotions," immediately preceding the installation ceremonies.

Mrs. Andrew Acampora closed the ceremonies by singing "A Collect for Clubwomen."

Special guests of the Club were Mrs. Charles Black, State press and publicity chairman; Mrs. J. J. Rochefort, president Neptunian Club; Mrs. Lee Clotworthy, Junior past president; Mrs. Jack Dean, Junior president; Mrs. D. E. Moore, past Junior-Senior director; Mrs. J. J. Boylan, Junior-Senior director, and Mrs. Harvey Cline, president Redondo Garden Club.

PINCHING

Pinching a plant at the proper time is the gardener's way of encouraging bushier growth and more bloom. This is especially true with bedding plants which you set out from nursery flats. Don't worry about losing that first flower bud. Let the plants establish themselves after setting them out, then take a good healthy pinch off the top of each one.

Mrs. Lockwood to Attend Meeting

Mrs. Marshall Shirley, president, will preside at the regular business and cultural meeting of Xi Gamma chapter of Beta Sigma Phi Sorority, Wednesday, June 14 at 8 a.m. Meeting will be held at 836 Melrose Ave., Los Angeles, with Mrs. Marian Searle and Martha Oehlerking acting as hostesses.

Members will make plans for their ways and means project for the coming year. Miss Theo Martin is ways and means chairman.

Topic for the program is "Friendship." Under the leadership of Alice Larkin; all members will participate in the discussion. "Essays on Friendship" by Emerson will be reviewed.

Among the members attending are Mrs. Charles Lockwood of Torrance and Bettie Wiseman of Manhattan Beach.

NUTRIENTS

Evaporated milk contains all the nutrients of whole milk. In addition, evaporated milk has extra Vitamin D added which aids the body in making the best use of milk's minerals, calcium and phosphorus in building and maintaining strong bones and teeth.
