

Pre-Registration for Fall Term At El Camino College Announced

New full-time students of El Camino College may now initiate registration procedures for the fall semester. W. Holmes Smith, assistant director of student personnel in charge of counseling, announced today.

Prior to registration, prospective full-time students must first secure reservations for appropriate placement tests and the college ability test. When these tests have been completed and the high school transcript of record has been received by the college, appointment for counseling the student may make an and registration.

During the appointment, the prospective student will meet his counselor with a small group of other new stu-

dents to discuss educational objectives, plan individual programs of courses and register in classes.

Although tests will be given throughout the month of August, Smith advises students to seek early appointments, which will enable them to complete the registration process well in advance of the opening of fall classes on September 11.

Polio Vaccine Shots Given In Torrance

Polio vaccine shots at \$1 each will be given in Torrance, today from 2 to 3 p.m., at the Bain Medical Clinic, 2093 Torrance Blvd.

Sponsoring the community service event are members of medical staff in cooperation with the March of Dimes.

Dr. Martin F. Bain, chairman of the project, urged parents to protect children and themselves against paralytic polio before the high incidence season in late summer and early fall.

Last year children under ten years of age accounted for 50 per cent of all paralytic polio cases in Los Angeles County, it was pointed out. Three properly spaced shots are needed for complete protection, with annual booster shots recommended.

March of Dimes officials declared that with the stepped-up inoculation program now underway, intervals between inoculations should be two weeks between the first two injections, with the third administered four weeks later.

They pointed out that the new oral Sabin vaccine will not be generally available in time to combat polio during the approaching polio season, but that there is no shortage of the effective Salk vaccine, developed through March of Dimes funds.

enfeld, vice president, and Mayor Albert Isen. Foam Rubber City specializes in furniture of contemporary Danish styling. Robert Sidell, manager of the new showroom, reported that the firm will remain open seven days a week.

\$19,900 Traffic Signal Bid Okeyed for Lomita

The Board of Supervisors this week awarded a \$19,988 contract to C. D. Draucker, Inc. for the installation of traffic-actuated signals at the intersections of Lomita Blvd. with Pennsylvania and Vermont Aves., stated Supervisor Burton W. Chace of the Fourth District.

Lomita-Harbor City area project was designed by the Los Angeles County Road Department, and is scheduled for completion in August, Chace said.

Lomita Boulevard and Vermont Avenue are County Master Plan Major Highways.

"Traffic counts of approximately 14,000 vehicles per day through each of these in-

tersections warrant the installation of these traffic control signals," Chace stated.

EASE TRAFFIC
The completed project will ease the flow of traffic through these intersections, especially during peak traffic hours.

In a second announcement Chace reported that construction work at the intersection of Crenshaw and Lomita Bldvs. are master plan highway, with recent traffic count indicating nearly 17,000 vehicles travel through this intersection daily.

"Motorist are advised to use caution when driving through the construction area," Chace warned.
