

MISS ROSEMARY RAPP
... makes personal appearance

Kindergarten Teacher Appears at Newberry's

Miss Rosemary Rapp, popular kindergarten teacher of the "Romper Room," is seen daily on KTLA from 11 a.m. to noon. She will appear in person at Newberry's, Palms Verde Estates, Thursday, July 20, from 2 to 4 p.m. A teacher with a kindergarten class each day that is numbered in the thousands, Miss Rapp asks viewers to take part in games and educational features at KTLA. Young Southland viewers are as faithful in attendance as the children who trot out to regular classes each day. Among the activities in the "Romper Room" are song, a pet, time, story time, film, friends, and visits with Mr. Doo Bee and the leatherman. Miss Rosemary is looking forward to meeting her young friends when she appears in person at Newberry's, Palms Verde Estates, July 20.

SALUTE

The Second Battalion Landing Team of the Ninth Marine Regiment, Third Marine Division, has returned to Okinawa after participating in operations at sea with the mighty Seventh Fleet.

Serving with the team is Marine Cpl. Dennis P. Rogan, son of Mrs. Helen M. Rogan of 23247 Robert Rd., Torrance.

While afloat the team engaged in jungle warfare training maneuvers at Subic Bay in the Philippines.

The seaplane tender USS Valcour is operating in the Middle East as the flagship for the Commander Middle East Force, Rear Adm. A. M. Jackson.

Serving aboard the ship was Eddie R. Smith, electrician's mate second class, USN, son of Mr. and Mrs. Eddie P. Smith of 18511 Dorman Ave., Torrance.

Company Branch Leaves Torrance

One of the oldest outside locations maintained by AiResearch Manufacturing Company of Los Angeles will discontinue operations August 1, according to a recent announcement by Edwin L. Shinn, AiResearch General Plant superintendent. The department, which has operated as a complete machine shop, at 62nd and Gramme Place for nearly 13 years, will be closed as part of the consolidation of departments in the AiResearch main plant at the corner of Sepulveda and Century Blvds. Building and equipment at the site have been operated by AiResearch on lease arrangement. Shinn pointed out that approximately 70 AiResearch employees are now employed in the department. These employees,

he said, will begin transferring into various departments this month. Most will make the move in August.

Recent transfer of entire departments into the new AiResearch Torrance facility has made working space available in the main plant, Shinn pointed out, and the company is taking advantage of this space to reduce overhead expenditures by relocating departments. These moves, he said, are part of the continuing drive to reduce costs.

In 1948, AiResearch began a rapid growth period. Need for additional machine shop production and development operations exceeded space in the main plant and, as a result, the company leased the outside location.
