DESKS THAT HAVE BEEN eagerly awaiting the return of Torrance High students will be filled Monday when schools re-open after summer vacation. With the kids off to school Mom can start vacation.

Vacation For Mom Starts

It's time for Mom's vacation Monday, for the long summer with the kids at home ends when they start back to school. Monday morning Johnny will spend time in front of the mirror making certain every piece of hair is in place. Sally will be getting out that new dress with the freshly starched bow.

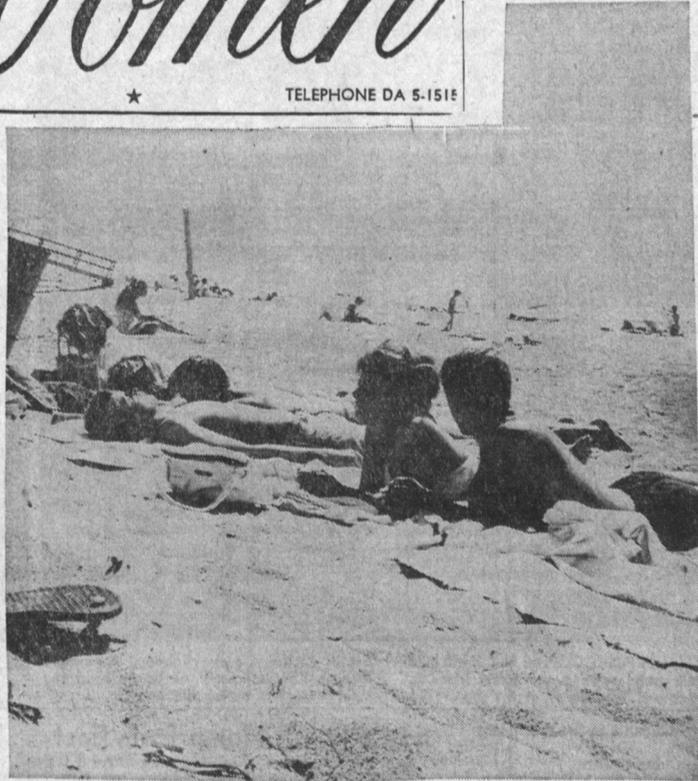

The children will be up early for breakfast and although many might have to be coaxed to get on their way to school, they'll all come home for lunch full of chatter about the new teacher, who sits at the next desk and what was learned the first morning at school.

In Los Angeles County, only seven school districts returned to school prior to Monday. Three districts don't open until later in the week.

Statistically speaking, approximately 1,487,710 were enrolled in some form of educational activity as of March 31, 1961. This number is expected to be about 4 percent higher this fall, according to Dr. C. C. Trillingham, Los Angeles County superintendent of schools.

Mom, if your children attend kindergarten through eighth grade, they are among more than 892,000 students in the county in these grades. If they are in high school, they are among 274,200 students. There are more than 4,016,000 students in California.

The Los Angeles County enrollment accounts for more students than total enrollment in individual states including California, Illinois, Michigan, New York, Ohio, Pennsylvania and Texas.

SUMMER'S LAST SWIM before returning to classes Monday is taken by these youngsters. The summer has been lazy, lounging and lovely, but all good things must come

to an end as must the sun and surf every day. Even though school is open again no doubt the kids will be spending every spare minute extending the summer at the beach.

NAVY OFFICER TO ADDRESS B-P WOMEN

J. B. Paschal, Rear Admiral, U.S. Navy, (retired) will address the Torrance Business and Professional Women's Club, Sept. 18, at 7:30 p.m., at the Tiki-Kai, 4469 Redondo Beach Blvd., Lawndale.

Admiral Paschal, presently heading the Free Enterprise Speakers Bureau of Coast Federal Savings, will speak on the subject "The Threat to America."

His 34 years in the Navy provided him with the opportunity to study communists first hand. He saw Lenin's statement of 1920 — "It is necessary to agree to any and every sacrifice, and even if need be — to resort to all sorts of devices, maneuvers and illegal methods, evasion and subterfuge to obtain world communism" — being carried out by present day Communists.

It is to awaken the American public to this real threat that Paschal now devotes much of his spare time to the lecture platform.

Program chairman, Ruth L. Brumbly, announced that the meeting is for members and guests.
