Metro Conference Coaches Capture Top Grid Talent

Veteran coach Clyde Johnson has captured some of the fastest and most talented Southern League backfield stars for East Los Angeles College this season and if the Huskies can solve their line and quarterback problems, the school may have one of the most dangerous running games in the conference. This despite the loss of All-Metro halfback Anthony Lorick.

Newcomers include Olvin Moreland, whose breakaway running pace Los Angeles to the city finals, and Manual Arts' Isaiah White. Both were All-City. Teamed up with returnees Jerry Cahill and Vern Shepherd, these two figure to impose a stiff penalty on defenses.

Now Johnson is sifting his 75 candidates to find a quarterback to fuse the attack, and replace two-year vet Frank Gomez. Most likely to succeed is Wayne Healy of Marshall. When the Huskies, who had a 5-4 record last year using the multiple offense, go into the singling, tailback will be tiny Frank Alderette, a deadly long passer.

RETURNEES

On the line, guard Brad Ohm, 1960 starter, is back with tackle John Bilderback and end Lewis Hood. Additional help comes from end Bill Dickey and tackle Ross Hernandez, 1959 lettermen. Newcomers include South Gate's Dennis Evenson (center) and John Cousimano (tackle). Evenson was all-City.

All Marine League guard Tony Perkov of San Pedro also fits in with Johnson's line rebuilding plans.

Adding to the Huskies' backfield depth are another quartet of 1960 city prep standouts—halfbacks Tommy Gaines (Jordan), halfback Tony (The Bomb) Boschetti (Huntington Park), halfback Fred Lohr (South Gate) and fullback Rex Stewart (Dorsey). Acquisition of two prize ends may give the Huskies a "shot-gun" offense engineered by Alderette. Besides Dickey and Hood, Alderette's targets will be Jordan's Lawrence Mills and Manual's Russ Saunders, both All-City ends. The Huskies open at LACC next Friday afternoon.

Hole-In-One Scored By Torrance Boy

The 13-year old son of a Torrance golfer got his week gave evidence of following in his father's footsteps when he whacked out a hole-in-one at Alondra Park golf course.

Tony Masciola, Jr., of 5223 Halison St., belted out the single on the 153 yard 15th hole Tuesday. He used a No. 7 iron for the classic stroke.

Youngster, who attends Flavian School, is the son of Tony Masciola Sr., golf pro at the Watteria Golf Range.

BEFORE THE GAME: Vince Scully, Dodger sportscaster (right) meets with L. A. County Chapter, MDA president, John J. Preis at Coliseum to discuss plans for December dystrophy fund-raising drive. Scully will serve as 1961 County Campaign Chairman for Muscular Dystrophy Associations of America, Inc. for the second year.

Name Vin Scully 1961 Chairman

Dodger sportscaster Vin Scully, has been named County Campaign Chairman for the 1961 dystrophy fund-raising drive. Announcement was made this week by John J. Preis, president, L.A. County Chapter, Muscular Dystrophy Associations of America, Inc.

Scully, who has achieved nationwide fame as the "voice of the Dodgers," is one of the most respected men in the broadcasting field today. He became active in the fight against muscular dystrophy last year when he served as County Campaign Chairman and throughout the year, assisted the Chapter in special affairs for MD children. This will be his second year as County Campaign Chairman.

In announcing Scully's appointment Preis said: "We feel very fortunate in having Scully head our fund-raising drive this year. His sincerity of purpose in whatever task he undertakes and his deep devotion to our afflicted children will bring strong leadership to our drive to aid MD victims."

"The 1961 campaign held countrywide during December, will seek to raise funds to aid nearly a quarter-million sufferers from the disease. MD is called one of the most tragic diseases known to mankind for its chief victims are small children who rarely live beyond their teens. Money raised will assist two local MD clinics and the Chapter patient service program. Seven MD research projects located at U.C.L.A. have MDAA grants-in-aid totaling more than \$93,000 for research this year. Since MD is a fatal disease, our most urgent need is to speedily find a cure to save the lives of thousands of innocent children," Preis concluded.
