Petitioners Request Pound Change

City Asked to Seek S.P.C.A. Contract

A petition bearing 606 signatures will be presented to the Torrance City Council Tuesday evening, requesting that the contract with the South Bay Humane Society be terminated.

Petition lists alleged Humane Society's "endorsement" of practice of trapping household pets as one of the basic grievances.

Mrs. Dorothy Roberts, 1314 Teri St., one of the circulators of the petition, stated that "untidy and unkempt" appearance of animal shelter, located near the intersection of Earle St. and Del Amo, alleged unsanitary conditions under which the captive animals are kept, and lack of service were the main reasons so many pet owners were anxious to sign the petitions.

SURVEY

Mrs. Roberts, who conducted a survey through nearby cities on pound services, stated the cities which had signed contracts with the Society for the Prevention of Cruelty to Animals

seemed to be the best satisfied.

She opposed the possibility of contracting for county pound services, she said, because of the county's tacit approval of the practice of vivisection and using animals for experimental purposes.

City recently renewed contract for pound services within the city with the South Bay Humane Society. Several of the councilmen went on record at the time as opposing the renewal of the contract.

Pull Torrance Man From Flaming Car Following Crash

A Torrance man was rescued from his burning automobile by bystanders Friday morning and then booked by Compton police officers on suspicion of drunken driving.

Treated at Physicians and Surgeons Hospital before booking was Thomas Turkington, 36, 22109 Selwyn Ave.

Investigators said that Turkington's auto crashed into the rear of another car on Artesia near Santa Fe, flipped over and exploded into flame.

Turkington was pulled from the wreck by driver of the second car, Oplis Nesner, Jr., 23, of Compton.

UNDER FIRE—Petitions, bearing 606 signatures, will be presented to the Torrance city council Tuesday night requesting that the city seek another pound service than the presently contracted South Bay Humane Society. Signers of petitions cited lack of service and unkempt appearance of the local shelter as the reason for their dissatisfaction. New contract was signed recently by the city with the organization over protests by some councilmen.

Off-Duty LA Policeman in Cycle Pileup

An off-duty policeman, a resident of Torrance although a member of the Los Angeles City Police Department, died Friday afternoon in a spectacular two car, truck, motorcycle crash on the Harbor Freeway.

Dead is Edmund L. McCauley, 24, of 22139 Bonita St., who had worked for the department for only one year.

McCauley, who was riding his own motorcycle on his way home from work, was hit by an auto driven by Masako Sato, 24, of 21042 Water St., also of Torrance. Scene of the accident was just south of the El Segundo Blvd. on-ramp.

Taken to Morningside Hospital for treatment of serious injuries was Jackson A. Carr, 44, of Anaheim, driver of a sports car which turned over several times in the collision.

Mrs. Sato told investigating officers that she swerved to miss a card table that had fallen from a truck. When she swerved across the freeway she struck cycle driven by McCauley and the sports car driven by Carr, pushing them into the path of a ton-and-a-half truck in the outside lane.

Officers are searching for the driver of a light green pickup truck, vehicle from which the table is alleged to have dropped.

Mrs. Sato was not held.
