Training Center Planned by Southwest Ass'n.

A forward step toward the establishment of an Activity and Training Center in the Southwest portion of Los Angeles County was taken at a recent meeting of the Southwest Association for Retarded Children. Plans were formulated and a building committee was appointed to report at the April meeting concerning possible land sites for the center. The group has long recognized and worked toward the goal of a center in this area, where they may carry out a program fitted to meet the needs of the retarded from birth through life.

GOALS
"At this time we want to take this opportunity of thanking all those who have, in the past, supported our activities through financial contributions, materials or in taking the children on outings. It is very gratifying to serve in communities where the people are so responsive to the needs of the retarded as found in the communities in which we serve. And only with this continued support and cooperative spirit will we accomplish our goals for the retarded," said Florence Schuster, co-publicity chairman.

"If anyone is interested in making a contribution to this work they may do by sending it to the Southwest Association for Retarded Children, Inc. P.O. Box 494, Torrance, California. These contributions are State and Federal Tax deductible. It is in this way that we are not only aiding a retarded person but are also doing a community service."

Robert J. Didion, son of Mr. and Mrs. William H. Didion, 309 E. 228th St., Wilmington, has been promoted to airman first class in the United States Air Force. Airman Didion is assigned to the 6485th Operations Squadron here as an aircraft mechanic. He is married to the former Patricia A. Gallegos of Colorado Springs.

Receives Air Medal for Achievements

Receiving the air medal for meritorious achievement while participating in aerial flight with the 49th Fighter Bomber Wing in Korea, is Captain Edward C. Jackett of Torrance.

Medal was received during a ceremony held at Norton AFB, California.

The captain is presently assigned to the Ballistic Systems Division there as project officer for the Nike Zeus facilities and support branch.

GRADUATE
He is a graduate of Grand Island High School and a former student of the University of Nebraska in Lincoln. He received a B.S. degree in mechanical engineering from Oklahoma State University in Stillwater.

Captain Jackett and his wife, Wanda, have three children, Edward, George, and Mimi. The Jackett family is presently residing in Torrance.

First Meeting Held Sunday by LULAC Members
