

**POPULA PENINSULA HOMES** — Shown above is one of the varied stylings available in the Estates section of Grandview Palos Verdes. Estates homes have inside square footage from 1432 to 1816 and are built on ocean view terrain near the city of Palos Verdes Estates. They contain three or four bedrooms, family or dining room and two luxurious baths.

## Record-Breaking Sales Affained by Grandview

Edward K. Zuckerman and Barney R. Morris, builders, report that 139 homes have been sold at Grandview Palos Verdes since Jan. 1, constituting the biggest first quarter in the peninsula community's history.

The record breaking pace, they said, can be in large part attributed to the prices and terms at The Estates, newest section which puts peninsular living within reach of middle income families.

Estates homes, with inside square footage from 1,432 to 1,816, are reasonably priced. Built on ocean view terrain near the city of Palos Verdes Estates, they contain three or four bedrooms, family or dining room and two luxurious baths.

### ASH CABINETS

Features include wall-to-wall carpeting in living room, dining room, master bedroom, entry hall and hallway, custom-styled fireplace with log lighter valve, a 100 square foot utility room with doors to kitchen and garage, and ash cabinets.

Estates kitchens provide built-in range and oven with illuminated panel, thermostat, timer clock, window and light, plus garbage disposal, hood with exhaust fan and light, and ceramic tile counters and splash in decorator colors. Most kitchens also include a dishwasher.

The Capri and Catalina are three bedroom plans differing in their treatment of the living area. The former features open sweep of living-dining rooms, with exposure to the rear, while the latter places an ash divider, with louvered ash doors, between living and family rooms.

### CRESCENDO

The Crescendo is a sumptuous four bedroom and family room plan, with entry court.

Half the people in the world never see a doctor in their whole lives. The American average is four visits a year. CARE and MEDICO are now treating sick people in remote areas.

Also available, for occupancy now, are residences in the West Palos Verdes Estates area, and the Country Club Unit. Split levels are included, and trades are considered.

### WARMED UP

Make sure your motor is warmed up before entering fast moving traffic or crossing railroad tracks, the Allstate Motor Club warns. A stalled engine under these conditions could be fatal.

### SCHOOL KITS

CARE has sent enough \$1 school kits to help educate 277,685 children in four countries. These parcels contain writing and other materials for children in Asia.
