### Letters

Dear Mr. Edmond:  
This letter is to parents who are interested in their children's future. Parents not interested in their future shouldn't be allowed to keep or raise children.

As a climax to recent vandalism, Carl Steele School was ransacked, mutilated, and then set afire. Many other acts of slightly less extent have occurred in the area recently. Parents are legally responsible for any and all acts their offspring perform. This is true even in cases of the mother and father, both working or with sickness or other problems.

I've been in scouting for over four years. All of the parents I've met in scouting enjoy working with youth. No man is too high or too low to work with his child to guarantee he's headed in the right direction.

Go with your child to a scout meeting. I'll guarantee your child will learn to stay away from "isms" including vandalisms.

I have six of my own and also helped raise three teenagers.
