

FINAL SESSION — Studying the Torrance Unified School District budget are members of the Citizens Committee, representing a diversity of business and industrial talents.

Union Carbide; Milton Isbel, Frontier Realty; Sam Waldrip, assistant superintendent of schools; Dr. Howard Wood; Albert Charles, president of the board of education; and Arne Tommeson, National Supply Co. The Budget is to be submitted to the board of education at their next regular meeting on July 16.

Clothing Hints for Upping Temp

Now is the time to give fleeting thought to the fickle autumn weather ahead—days when the thermometer goes up, up, up. Cool summer whites and pastels suddenly look strange when everyone else is wearing fall colors, dark shoes and accessories.

The solution, of course, is to include in your summer wardrobe one or more of the transition cottons that are now making fashion headlines.

They are dark enough to be smart with fall accessories. The fabric is sufficiently light in weight to be cool on hot days. Often the styling is "convertible." That is, collars are made to be worn open or buttoned up; push-up sleeves that come halfway between elbow and wrist are popular; often a scoop neck and sleeveless sheath is topped with a companion jacket or popover top.

Last but not least these transition dresses are washable! In a brief Indian Summer hot spell the best bet is clothes that you can "wash tonight, wear tomorrow!" That's why the Sanforized-Plus cottons, so often featured in these transition fashions, are so satisfactory.

The bill, H. J. Res. 105, and an accompanying resolution, S.J. Res. 105, would impose a \$500 fine or six months imprisonment or both to anyone convicted of killing a golden eagle.

The golden eagle has declined numerically in recent years. The bird is valuable to farmers because it helps control rodents and other pests, the legislation contends.

The golden eagle, the national symbol of Mexico, is found in mountain ranges and adjacent plains throughout much of the Northern Hemisphere.

Senator Engle said considerable interest in the proposed legislation has been expressed in California by the Fraternal Order of Eagles.

DR. B. PETER LEONARD ... receives promotion

Local Man Gains Executive Position with Corporation

Dr. B. Peter Leonard has been appointed assistant general manager of Aerospace Corporation's Engineering Division, Edward J. Barlow, vice president and division general manager announced today.

Leonard was previously group director of several military satellite programs in the Engineering Division.

His new duties will include those previously performed by Walter Brewer, Jr. who recently was elected a vice president, assigned to the company's San Bernardino Operations in charge of corporate programs there in support of the Air Force Ballistic Systems Division.

Before joining Aerospace Corporation in August 1960, Leonard was senior staff engineer in the Advanced Planning Division of Space Technology Laboratories, Inc. Previously he was chief of Nuclear Research for Aircraft Nuclear Propulsion at Convair Aircraft Company.

Leonard was born in Morgan City, Louisiana, in February 1925. He earned his B.A. degree in physics from Southwestern Louisiana Institute where he also taught physics. He was a member of the faculty of the University of Texas while earning his M.S. and Ph.D. degrees in physics from that university.

He has served as consultant to the Scientific Advisory Board of the Air Force, and was a U. S. delegate to the Second Geneva Conference on Peaceful Uses of Atomic Energy. In addition, he was a member of the U.S. delegation to the Geneva Conference on the Discontinuance of Nuclear Weapons Tests.

Dr. Leonard is a member of the American Rocket Society. He and his wife reside in Redondo Beach.

Blind Boy Needs Ride

If you want to help out a youngster, give Theodore Irvin, a ride.

The 12-year-old Torrance boy wants to attend the Braille Institute's summer day camp for blind children at Recreation Park, 7th and Park Ave., Long Beach.

Young Irvin only has one problem: He lacks transportation to the park and return home.

The camp, free to blind children aged 8 thru 14, offers a balanced program of swimming, games, hiking, arts and crafts. Beginning July 11, it will be held Wednesday's and Fridays from 9 a.m. to 1 p.m. thru August 17.

Any Torrance area resident who will help Theodore enjoy a constructive, "fun" summer by driving him twice a week from his home on Glen Burn in Torrance to the park in Long Beach and return, is asked to call Betty Sinclair, transportation chairman at the Braille Institute, NOrmandy 3-1111, extension 20.

Group to Study Conservation of Golden Eagle

WASHINGTON, D.C. — Senator Clair Engle (D-Calif.) has been appointed to a special subcommittee which is considering legislation aimed at protecting the golden eagle.

The bill, H. J. Res. 105, and an accompanying resolution, S.J. Res. 105, would impose a \$500 fine or six months imprisonment or both to anyone convicted of killing a golden eagle.

The subcommittee is now conducting hearings.

The golden eagle has declined numerically in recent years. The bird is valuable to farmers because it helps control rodents and other pests, the legislation contends.

The golden eagle, the national symbol of Mexico, is found in mountain ranges and adjacent plains throughout much of the Northern Hemisphere.

Its principal breeding range in North America extends from the Arctic Ocean south into Mexico.

Senator Engle said considerable interest in the proposed legislation has been expressed in California by the Fraternal Order of Eagles.

QUESTIONS AND ANSWERS

Do You Operate Under a Fictitious Firm Name?

- 1. Ques. What is a Fictitious Firm Name?
Ans. Any name which does not completely and clearly identify the owner or owners.
2. Ques. Why should an individual or partnership doing business under a Fictitious Name file and publish a Certificate?
Ans. 1. The law is specific and mandatory. Business people, like other persons, should obey the law. 2. No Court action of any sort can be maintained until Certificate is filed and published. Such filing and publishing contributes to the value and protection of a trade name.
3. Ques. Is the name "J. B. Smith Company" a fictitious name?
Ans. Yes. Because the term "company" is ambiguous and suggestive of uncertainty.
4. Ques. How can customer find out if he has filed and published his certificate of business?

5. Ques. What does Section 2468 of the Civil Code mean by the wording that no person or partnership failing to comply shall maintain any action upon, or an account of, any contract or contracts made or transaction had, under such fictitious name in any Court of this State?
Ans. Simply that the person or partnership cannot sue.
6. Ques. Does that mean that cash stores are not affected?
Ans. There are many grounds for court action besides the mere collection of past due accounts. For instance, a cash grocery may wish to sue a trucking company for damage to shipments.
7. Ques. In case one partner is succeeded by another, must a new certificate be filed and published?
Ans. Yes. "Every person transacting business in this state under a fictitious name" must file and publish.
8. Ques. In case one partner is succeeded by another, must a new certificate be filed and published?

ness in this State under a fictitious name ... a new certificate must be filed with the County Clerk and a new publication made."

Ans. Yes, when the corporation as a person owns and operates some other business under a fictitious firm name. In such event it must file and publish, otherwise not.

Ans. Yes. For instance, the California State Department of Vocational Standards will not issue a license to any contractor or contracting partnership who has not filed and published.
11. Ques. May a person or person engaged in more than one business under fictitious name meet the publication requirements by filing and printing only one certificate?
Ans. The Los Angeles County Counsel has ruled: "We incline to opinion that the provisions of said section contemplate a certificate be filed and published for EACH fictitious name under which a business is transacted.
12. Ques. Does the filing and publication of a Trade Name Certificate have value in establishing owner's title in a firm name?
Ans. Yes, the courts have held such registration and publication to be a prima facie evidence of name ownership where two claimants to a name have contested ownership.
13. Ques. How may a Certificate be prepared, filed and published?
Ans. See your lawyer, bank, Torrance Press or the County Clerk.
14. Ques. What will it cost?
Ans. The statutory two dollar County Clerk fee for filing, plus the publisher's rate of \$15 for four weekly insertions of the advertisement, amounting to a total of \$17.
15. Ques. Where may filing service be obtained?
Ans. Complete service, forms and printed instructions is given FREE by the Torrance Press.
