The legend of "THE FLYING DUTCHMAN" goes back many centuries. It is the story of a ghost ship and a man, forced to wander aimlessly, through time and eternity in search of love, in order that his destiny might be reached . . .

Your present day "FLYING DUTCHMAN" has reached his destiny, and has found true love. He loves his customers, and his customers love him . . .

Since the beginning of time (TV that is) the Dutchman has offered to the public the largest selection of name brand television and stereo sets anywhere in the area. Each unit carries a service policy, at no charge, handled by our own efficient shop, and is sold at the lowest discount prices.

If you are accustomed to purchasing your television or stereo sets at stores where such things as popcorn, clothing, garden hoses, yachts, or imported Italian go-aheads are sold, you will feel out of place at The Dutchman's. All we have is hundreds and hundreds of the finest TV and stereo equipment available, (we threw away the catalogs, with that many sets who needs them?) all the latest styles and finishes.

Nearly 11 out of 10 people who shop at the Dutchman BUY from the Dutchman. For savings and service, Nobody, but nobody, undersells
