The class, which meets on Wednesday nights from 6:30 to 9:30 starting the week of Sept. 17, carries three units of college credit transferable to Long Beach State College.

The course is designed for those who like to write and who seek professional evaluation of their work. Writing ideas are examined for their publication possibilities. Students read their poems, plays, stories, essays, or articles, for informal discussion or criticism by the class and the instructor. The class offers opportunities for the development of writing talent as well as practice in basic techniques.

Dr. John Hermann, the new instructor for the course, is Associate Professor of English at Long Beach State College where he conducts seminars in literature and creative writing. He has just returned from a year's sabbatical in Italy where he completed work on his second novel. Dr. Hermann is noted for his short stories and numerous articles.

Applications for admission to the Evening Division are being accepted now at the admissions office of the college. Early applicants will have the opportunity of priority registration. The deadline for filing applications for the fall semester is Sept. 7.

"Dr. John Hermann, our new instructor for writers' round table, is exceptionally well-qualified to instruct the course," stated Garner, "and we are fortunate to have him on our staff for the fall semester."

Forty-Plus Solves Problem Faced by Many Employers

Many Torrance employers have found the answer to their needs for skilled and dependable executives without the cost of training or expensive procurement efforts. They have availed themselves of the services offered by the Forty Plus Association of Southern California.

This most unusual organization has been filling the needs of employers for mature executives for more than 20 years. There are nine other branches in the United States. The idea was born in Boston in 1938. Not only is this a non-profit organization but it operates without any paid employees. The members do all the work and pay all the expenses. There is a constant turnover in talent. New members are thoroughly screened before being accepted. Executives who have all earned over \$9,000 per year are available mainly because of recent mergers. Qualified new members are welcomed because Forty Plus has never been able to completely fill requests for talent not currently available are kept on file and very often the desired executive walks into the Forty Plus office within a short time. The talent currently at Forty Plus runs the full range of American business executives.
