

## New Advantages Offered In Buying Savings Bonds

Torrance community investors were advised today that new advantages are available this year in Series H Savings Bonds.

Volunteer Community Savings Bonds Chairman George W. Post alerted people of this area to these facts:

"This year the annual purchase limit on Series H Savings Bonds has been raised from \$10,000 to \$20,000. Individuals as co-owners may acquire a greater amount during 1962 provided that no more than \$20,000 is apportioned to any one of them, he said.

"Fiduciaries, organizations and other classes of investors can invest \$20,000 annually for any separate legal entity. The limitation does not apply to H Bonds acquired through authorized re-investment or exchange of other Savings Bonds.

"The limit on E Bonds continues unchanged at \$10,000 face value.

"Beginning February 1, 1962, owners of maturing Series H Bonds issued from June 1952 through January 1957 have the option of retaining them for an additional period of 10 years at the uniform rate of 3.75 per cent interest, payable semi-annually. No action is required to take advantage of this extension privilege. The extended H Bond may be redeemed at any time by giving the usual one calendar month's notice."

### FATAL ACCIDENTS
