NAVY ENSIGN Denis R. Brown, son of Mr. and Mrs. Sidney N. Brown of 1620 Flower Ave., Torrance, was graduated Aug. 17 from the Naval Officer Candidate School, U.S. Naval Base, Newport, R.I. The officer candidates, college graduates and outstanding personnel from the fleet, became proficient in Naval sciences in the 16 weeks of intensive training. Upon graduation the new officer will be qualified to meet not only the technical problems facing a junior officer in today's modern fleet, but also the special leadership problems posed by our fleet's worldwide commitments.

Adult advisers for Junior Achievement companies in Torrance attended a three-evening training course this month at the Southwestern Business Center. Future advisers attended three sessions to prepare them for duties as advisers to Junior Achievement companies.

Ninety-five volunteer adults representing Centinella Valley business and industrial firms will take part in the training program. Each Junior Achievement company will have at least three advisers; one each in sales, production, and management. At the training sessions, the advisers studied ways and means of the organization of Junior Achievement companies and the proven methods of success in aiding teenagers to operate a miniature business.

The training sessions are preliminary to the actual organization of the J. A. companies. The "learn by doing" program will begin Oct. 8 with junior enterprises meeting one of four nights, Monday through Thursday.

Actual training was handled by Manny Wise, district manager for Junior Achievement at the Southwestern Business Center.
