

"I buy the best meat here!"

"If I could award a trophy—as Australia awarded me for top model of the year—it would be to Food Giant for their wonderful meats! They certainly are tops and the people in the meat department are models of courtesy and efficiency. It's no trick at all to prepare delicious meals for my husband when I start with the excellent meat that I buy here. My dog would like to add a vote too! He says, from his point of view, that Food Giant's bones are simply gr-r-real! And, they are always free for the asking!"
Mrs. Paulyne Bernard (and Coanie), a satisfied customer at Food Giant/Beverly Hills

VIEW from MonteVerde will be seen for the first time this weekend by guests at the Preview Opening of MonteVerde. Entrance to the unique Palos Verdes Peninsula development is at the corner of Crest Road and Crenshaw Blvd.

MonteVerde To Preview **Songwriters Club Planned**

The preview showing of what is perhaps the choicest remaining property on the Palos Verdes Peninsula will take place this weekend. Called MonteVerde, the development is situated on the sunny southern slopes of the Palos Verdes Peninsula overlooking the million dollar Los Verdes Golf Course site.

In the heart of the once-prized Spanish land grant, Rancho Palos Verdes, MonteVerde offers prestige homesites with panoramic views that stretch from Catalina Island to the Malibu Coast.

Palos Verdes Properties, the developers, state that meticulous attention has been given to every detail in the development of MonteVerde.

In all cases the "natural contour" of the land has been maintained. Telephone, Edison and Television lines are piped underground to each site and all other improvements including sewers are in and paid for. Homesites average 15,000 sq. ft. and start at \$15,000.

Registration for this class is now possible at the Gardena Adult School office, 182nd St. and Normandie Ave., from 1 to 10 p.m.

TORRANCE — Songwriters and would-be songwriters have been invited to form a Song Writer's Workshop under sponsorship of the University of California Extension.

A meeting will be held Sunday, Oct. 14, in Live Oak Park, Manhattan Beach, to determine interest in such an activity.

A similar program has been conducted for 10 years at UCLA by writer Hal Levy.

Levy, who pioneered the workshop at UCLA, draws upon leading entertainers and composers who attend the workshops to assist students. They give lectures and demonstrations on form, rhyme, accent, style, relationship of music to lyrics, copyright and manuscript preparation. Past lecturers have been Peggy Lee, Meredith Wilson, Jimmy McHugh, Stan Freberg and others.

Considered the only class of its type in the nation, it distinguished itself last year with the RCA release of a class project album, "Lady Lonely," done entirely by the students.

If sufficient interest is established, at the Sunday meeting an evening and site will be selected, and the workshop will be established within a few weeks.
