PICTURE POWER! STYLING BEAUTY!**

NEW Super-powerful "New Vista" Tuner pulls in cleaner, clearer pictures from usually hard-to-get stations! This always dependable, revolutionary nuvistor tube is the most powerful ever designed by RCA Victor!

NEW Security Sealed Circuits — Color TV's most reliable circuitry! They're precision-crafted, copper-etched and permanently bonded circuit boards to eliminate more than 200 hand-soldered connections found in old-fashioned all-hand-wired circuitry.

NEW Bonded Sulfide Picture Tube — recognized as the standard for all makers of color television — pioneered and engineered by RCA! Provides up to 50% brighter color pictures, sharper black and white pictures too!

NEW 7-Function "Wireless Wizard" Remote Control — the most convenient remote control you can buy! Turns picture and sound on or off from across the room! Changes channels, tunes "tint" and "color," adjusts sound through a continuous range and even turns all power completely off!
