## Sabin Vaccination Clinics Open Today, Next Sunday

Sabin vaccination clinics will be set up in the Torrance area at North, South, and Torrance High Schools and will be given today, Sunday, Feb. 3rd, and next Sunday, Feb. 10, from 11 a.m. until 6 p.m.

Those taking the immunization can clip and use the accompanying form, which is a new type of registration blank required for polio immunization with Type III Sabin vaccine.

The U.S. Surgeon General's office recommends that Type III be given to all children because of the poten-

tial danger of occurrence of this type of virus.

Because the need for immunization diminishes with advancing age, and because some potential risks of vaccine are believed by some to exist in adults, especially above the age of 30, vaccination should be used for adults only with the full recognition of its very small risks.

Vaccination is especially recommended for those adults who have a higher risk of naturally contracting the disease.

## Air Force Seeks Officers; Men and Women Needed

The Air Force offers opportunities to young men and women in the Torrance area as commissioned officers in such fields as navigation, weather, aircraft maintenance, research and development, management and engineering.

Selections now are being made for the class starting April 1 this year, according to M/Sgt. Duane Hetler, at the U.S. Air Force recruiting office, 1616 Cabrillo Ave.

To qualify, an applicant must be a graduate from an accredited university or college, between the ages of 20.5 and 29.5, a citizen of the U.S. and physically able to pass an examination.

There are no restrictions upon the number of dependents a man may have, but woman applicants are limited to one dependent parent.
