Torrance Hosts Safety Run

Torrance is host city for the Tenth Annual Youth Safety Run, sponsored by the Police Advisory Council for Car Clubs, according to Officer A. L. Jackson, of the Torrance Police Department, who is the run co-ordinator. Dates for the run are June 24, 25, and 26.

There are two days of driving separated by a day for rest and recreation.

There will be between 30 to 40 cars entered by automotive dealers of Los Angeles County. More than 100 teen-age Car Club boys will compete for gasoline mileage

and safety awards.

The boys are selected on the basis of safe driving, driving skills and Car Club participating skills and Car Club participation.

Clubs taking part under Torrance sponsorship have members from many South Coast cities, including those in Wilmington-San Pedro Area.

The run is sponsored in the interests of providing a recognized competition of driving ability for Car Club members and to help show Juvenile Decency, said Officer Jackson.

Pytel Plus Thompson Equal Shakey

By TED STEPHENS

Friends John Pytel and Howard Thompson just started talking one day—and in July of this year they were partners talking to Gene Stone, assistant supervisor, for Shakey's of Southern California, about a franchise—now eight months later the finished product of a new beginning stands new and proud on Torrance Blvd., Torrance.

John and Howard met in the Navy during World War II—after that Pytel had Arrow Television in Covina and Thompson, San Fernando Business Machine, in Granada Hills.

MONA LISA

If the ship that carried the Mona Lisa to this country had sunk in crossing, the painting could have floated indefinitely in the Atlantic ocean without dampening the famous smile. Officials of B. F. Goodrich Co. said the box in which the famous lady was packed is lined with "Rigicell," a completely buoyant BFG polyvinyl chloride material used for certain wall sandwich panels, and in airplane wing construction.
